Intelligent Hardware

SMART CARRY IS THE NEW HARD CARRY

Omni-directional Smart Ball Core

Records in Core PBs Solid Rock

Backed up with Zero-Loss Sensing, Omni-Motion Monitor, and other advanced technologies, the smart ball core captures all of your speeding indicator data and helps you practice smart and make new PBs.

Zero-Loss Sensing

0-Contact 0-Wear Every Turn Captured

The electromagnetic induction sensor above the core senses all the turns thanks to contact-free Hall Effect.
Data noted for sure with no miss.

Omni-Motion Monitor

Twists and Turns No Dead Angle

The smart gyroscope displays 360° of the cube real-time with no lags.
All directions are available,empowering comprehensive analysis.

New Experience

SMART TO WHAT YOU NEED

Smart Dual-Core Endurance Mode

Full Power or Marathon Mode ? You Pick Your Playstyle

MAX

200h

Performance Mode | Endurance Mode

Performance Mode | Endurance Mode

Performance Mode
30-hr Burst

Gyroscope on.
Track every move in real-time, delivering the comprehensive data you need to dominate your high-level training.

Endurance Mode
200-hr Marathon

Gyroscope off,
recording disabled for minimal drain. One charge, months of legendary uptime.

*Based on 1-hr use per day.

10-Min Quick Charging

10-Min Charge
10-Hr Grind *

Cube is out of charge, but you gotta run? Drop it in the Charging Pod. 10 minutes. 10 hours of straight action. Get back in the game, instantly.

10 mins

*Refer to the enduance mode.

6-Color Ball Core

Match the Colors Reassemble with Ease

Use the colors on the core as a guide for effortless disassembly and reassembly, guaranteeing perfect synchronization between the physical cube and the app.
