MoYu Cube Strap

One-button Initiation of Magical World

Ball-Core Positioning 3.0

EACH TURNING IS AN INTERSTELLAR JOURNEY

The ball-core's relation to the cube is like the heart of the cosmos, maintaining the galaxy's motion, closely connecting each part of the cube to stabilize them

20 Magnetic Ball Cores with Advanced Positioning, Unleashing Dominant Core Force

Every turning of the cube feels as smooth and free as interstellar flight

Simplified Core

- Classic Cube Core
- Consistent Performance

Ball-Core Positioning 1.0

- 8 magnets in ball-core
- 8 magnets on corner bases
- Supported by core magnets

Ball-Core Positioning 2.0

- 8 magnets in ball-core
- 8 magnets on corner bases
- 12 magnets on edge bases
- Enhanced core magnets strength

Ball-Core Positioning 3.0

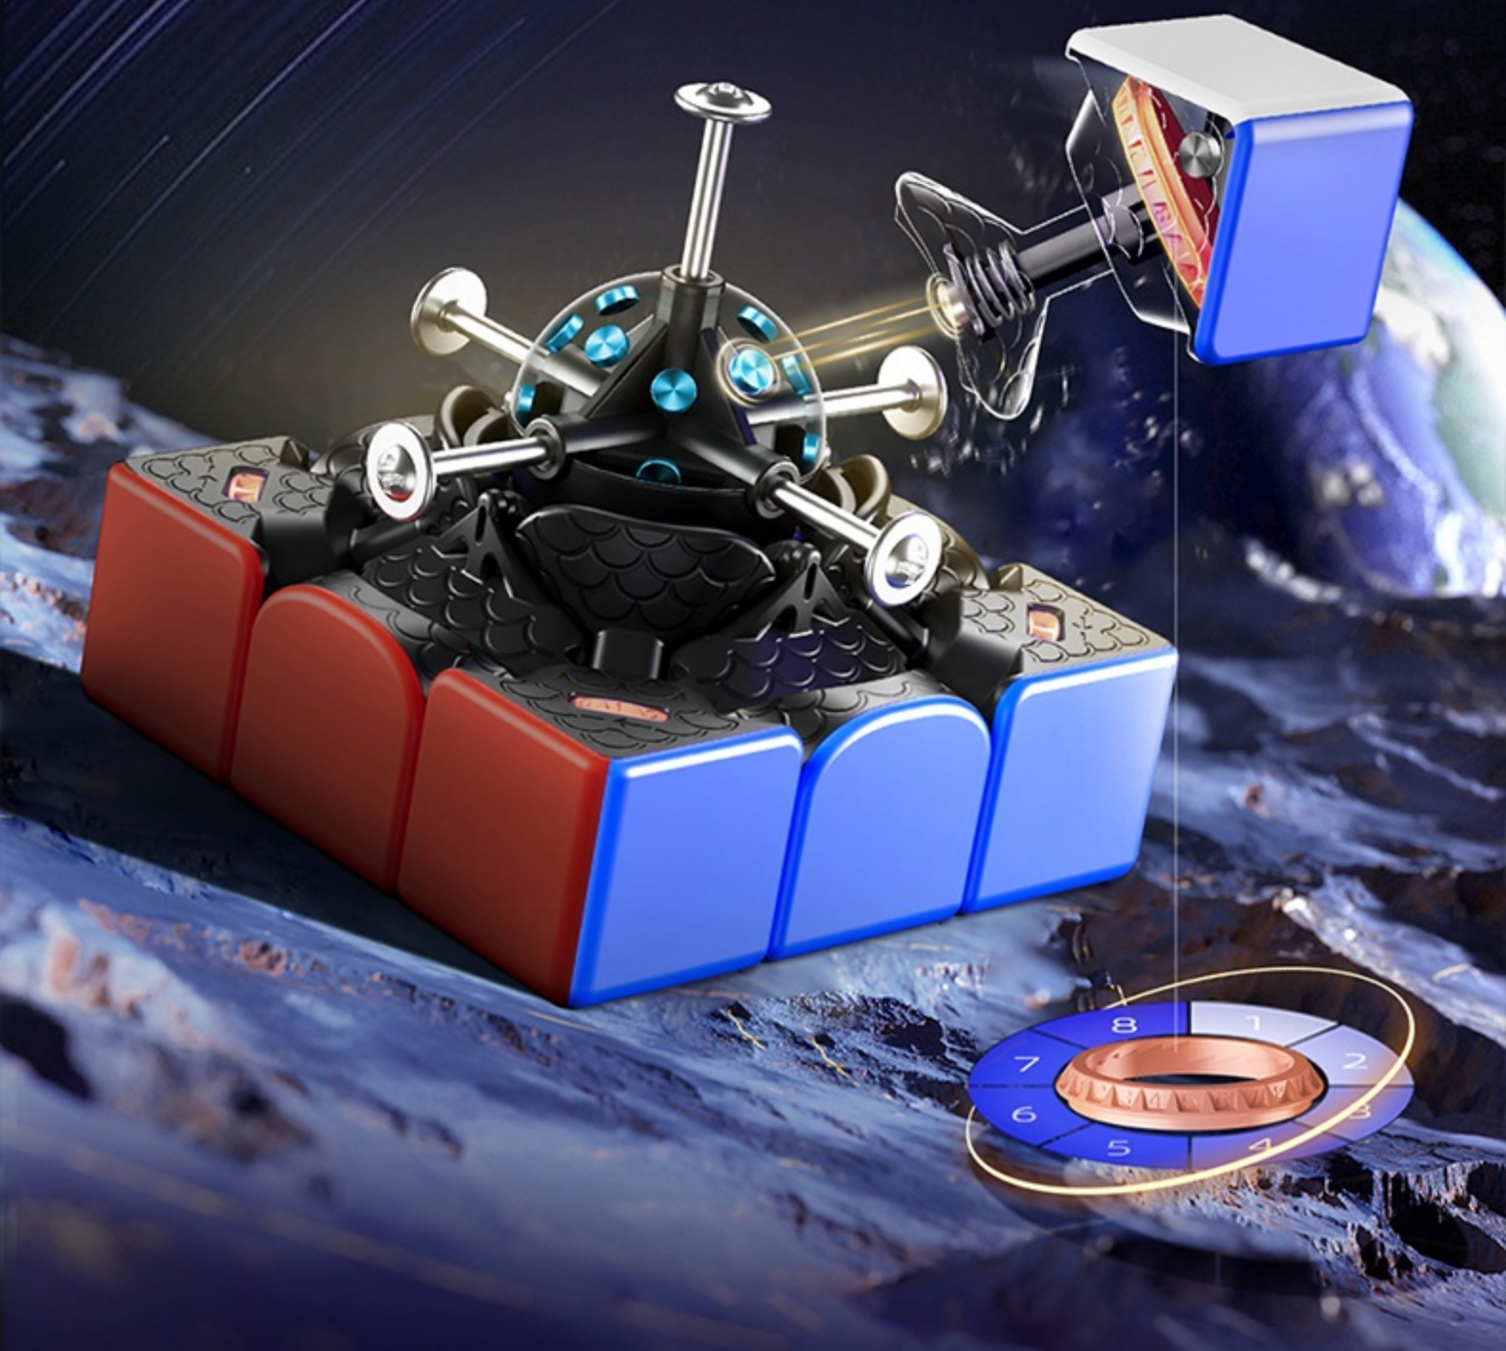

- 20 magnets in ball-core
- 8 magnets on corner bases
- 12 magnets on edge bases
- Maximized core magnets strength

Ball-Core Positioning 3.0

8 LEVELS OF ADJUSTABLE CORE MAGNETIC FORCE CONTROL THE UNIVERSE'S SPEED AT YOUR WILL

Ball-Core Positioning Magnetic Force Resembles a "Planetary Accelerator" on the Corner Pieces.Adjust the Gravitational Force between the Magnetic Force and the Ball-Core throughDigital Compass Settings to Adjust Speed

Smaller numbers result in shorter magnetic distance, stronger attraction, and faster turning

Magnetic System

HARNESSING EARTH'S MAGNETIC POWER TRANSFORMED INTO MAGICAL COSMIC ENERGY

100 Magnetic Particles, 3D Arrangement, Four-Dimensional Sensation

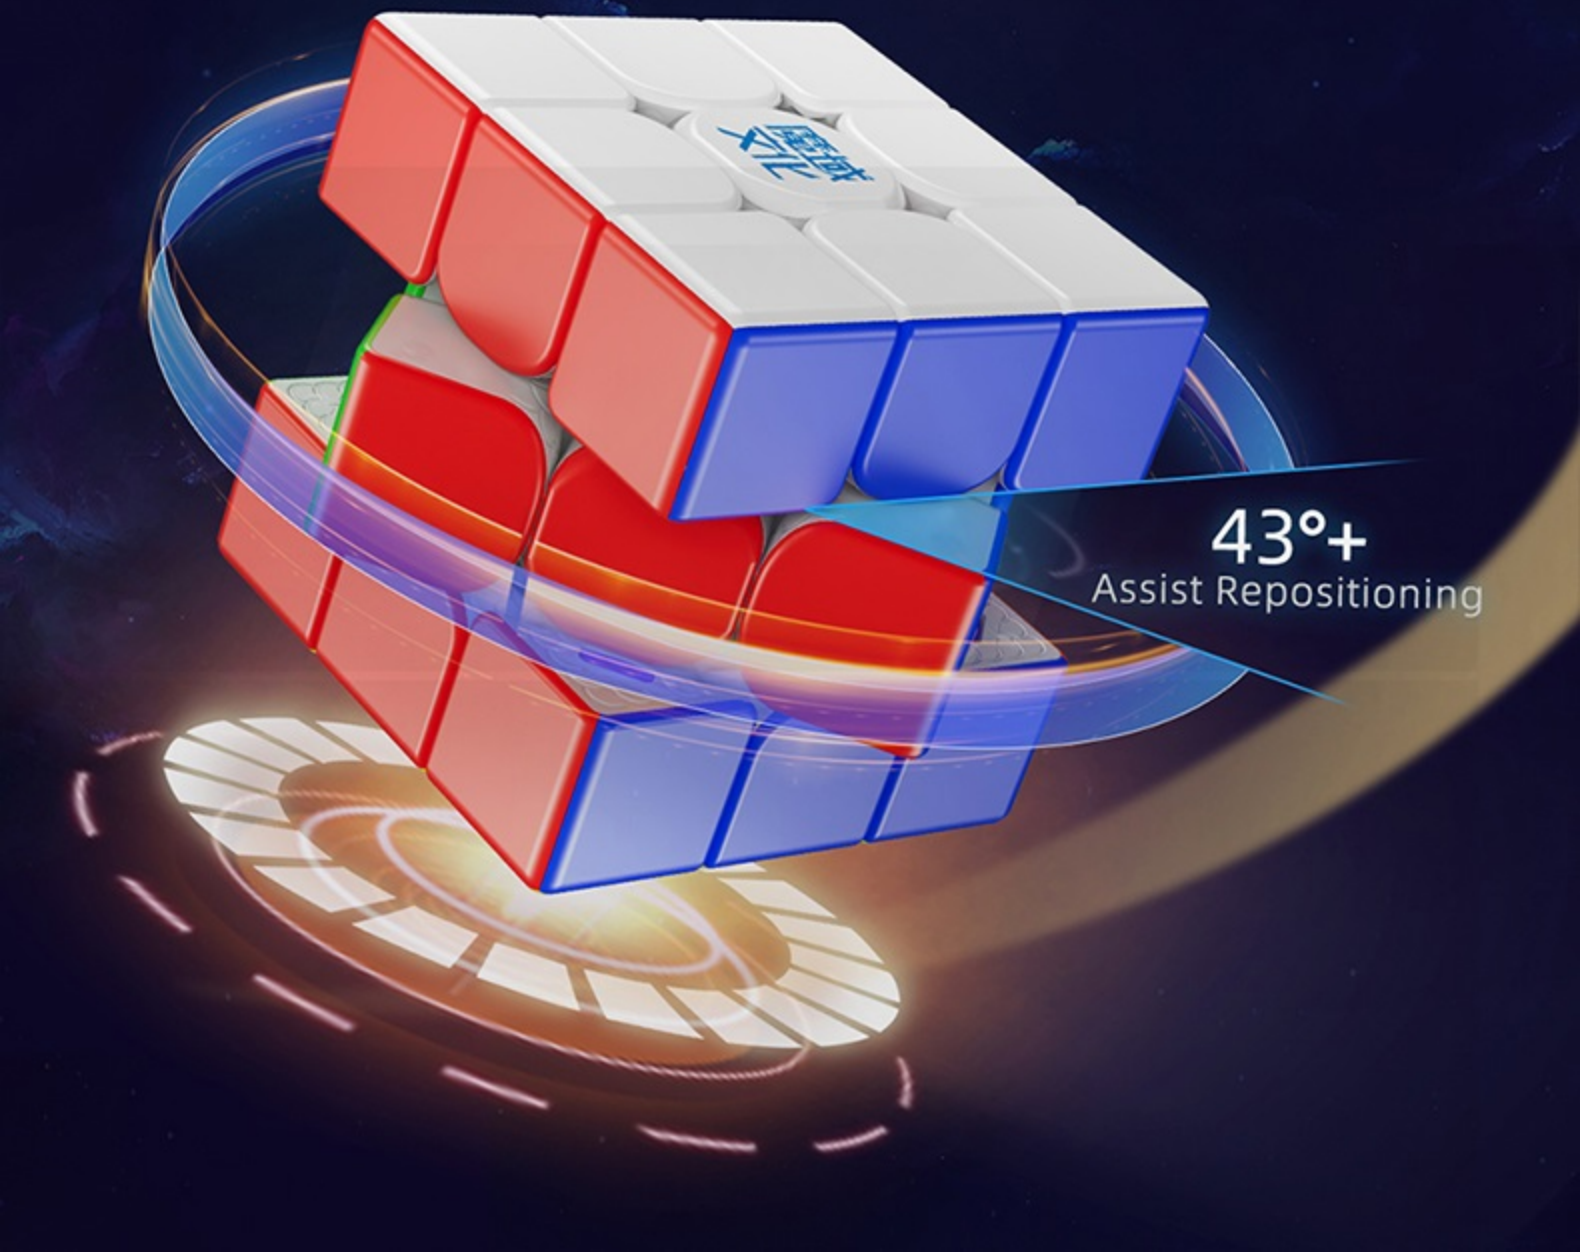

Forming a Dual-Drive Magnetic Field from Ball-Core Magnetic Positioning, Outer-Layer Magnetic Positioning, and Edge-Core Repulsion System

These combine to create the enchanting moment of automatic repositioning

As if breaking through the third dimension

You may set a new record accidentally

Precision Calibration System

FURTHER UPGRADED CALIBRATION SYSTEM UNLOCK + ∞ DIMENSIONS OF SENSATION

Cube Sensation = Magnetic Force × Elasticity × Tension

8 levels of ball-core strength, 8 different feels.

Smaller numbers result in closer magnetic distance, stronger assistance for repositioning

9 Levels of Magnetic Levitation Elasticity, **9** Sensations

Adjustable only in a counterclockwise manner, higher levels mean stronger elasticity

8 Levels of Ball-Core Magnetic Positioning × **9** Levels of Magnetic Levitation Elasticity = **72** Sensations

Continuous Tension Adjustment, Turn Clockwise to Reduce Axis Distance for a Tighter Sensation

8 Levels of Magnetic Force × **9** Levels of Magnetic Levitation Elasticity × Continuous Tension Adjustment = **+∞** Sensations

Internal and External Anti-Pop Design

ANTI-POPPING, ANTI CORNER TWIST UNLEASH RAPID-SPEED ENERGY

The hidden triangular corner foot design inside the cube, along with the seemingly ordinary right-angle corner foot design outside, forms the magical code that maintains stable cube rotations, restraining potentially uncontrollable rapid-speed energy, allowing you to unleash speed without worry.

Internal Corner Feet to Prevent Corner Twisting,

External Right Angle to Prevent Corner Twisting

V-Shaped Cross-Section Design

INGENIOUS DESIGN CREATING A GREAT INTERCONNECTED SYSTEM

V-Shaped Cross-Section Design, significantly reducing cube gaps, dedicated to creating a flawless cube interaction system, providing more stable turnings and more powerfulness high speeds.

Storage Lubrication Design

STORAGE LUBRICATION, ANTI-STICKY COOL AND EXPLOSIVE SPEED

Dragon Scale Pattern

Storage Lubrication, Anti-Sticky, Clear and Explosive Speed

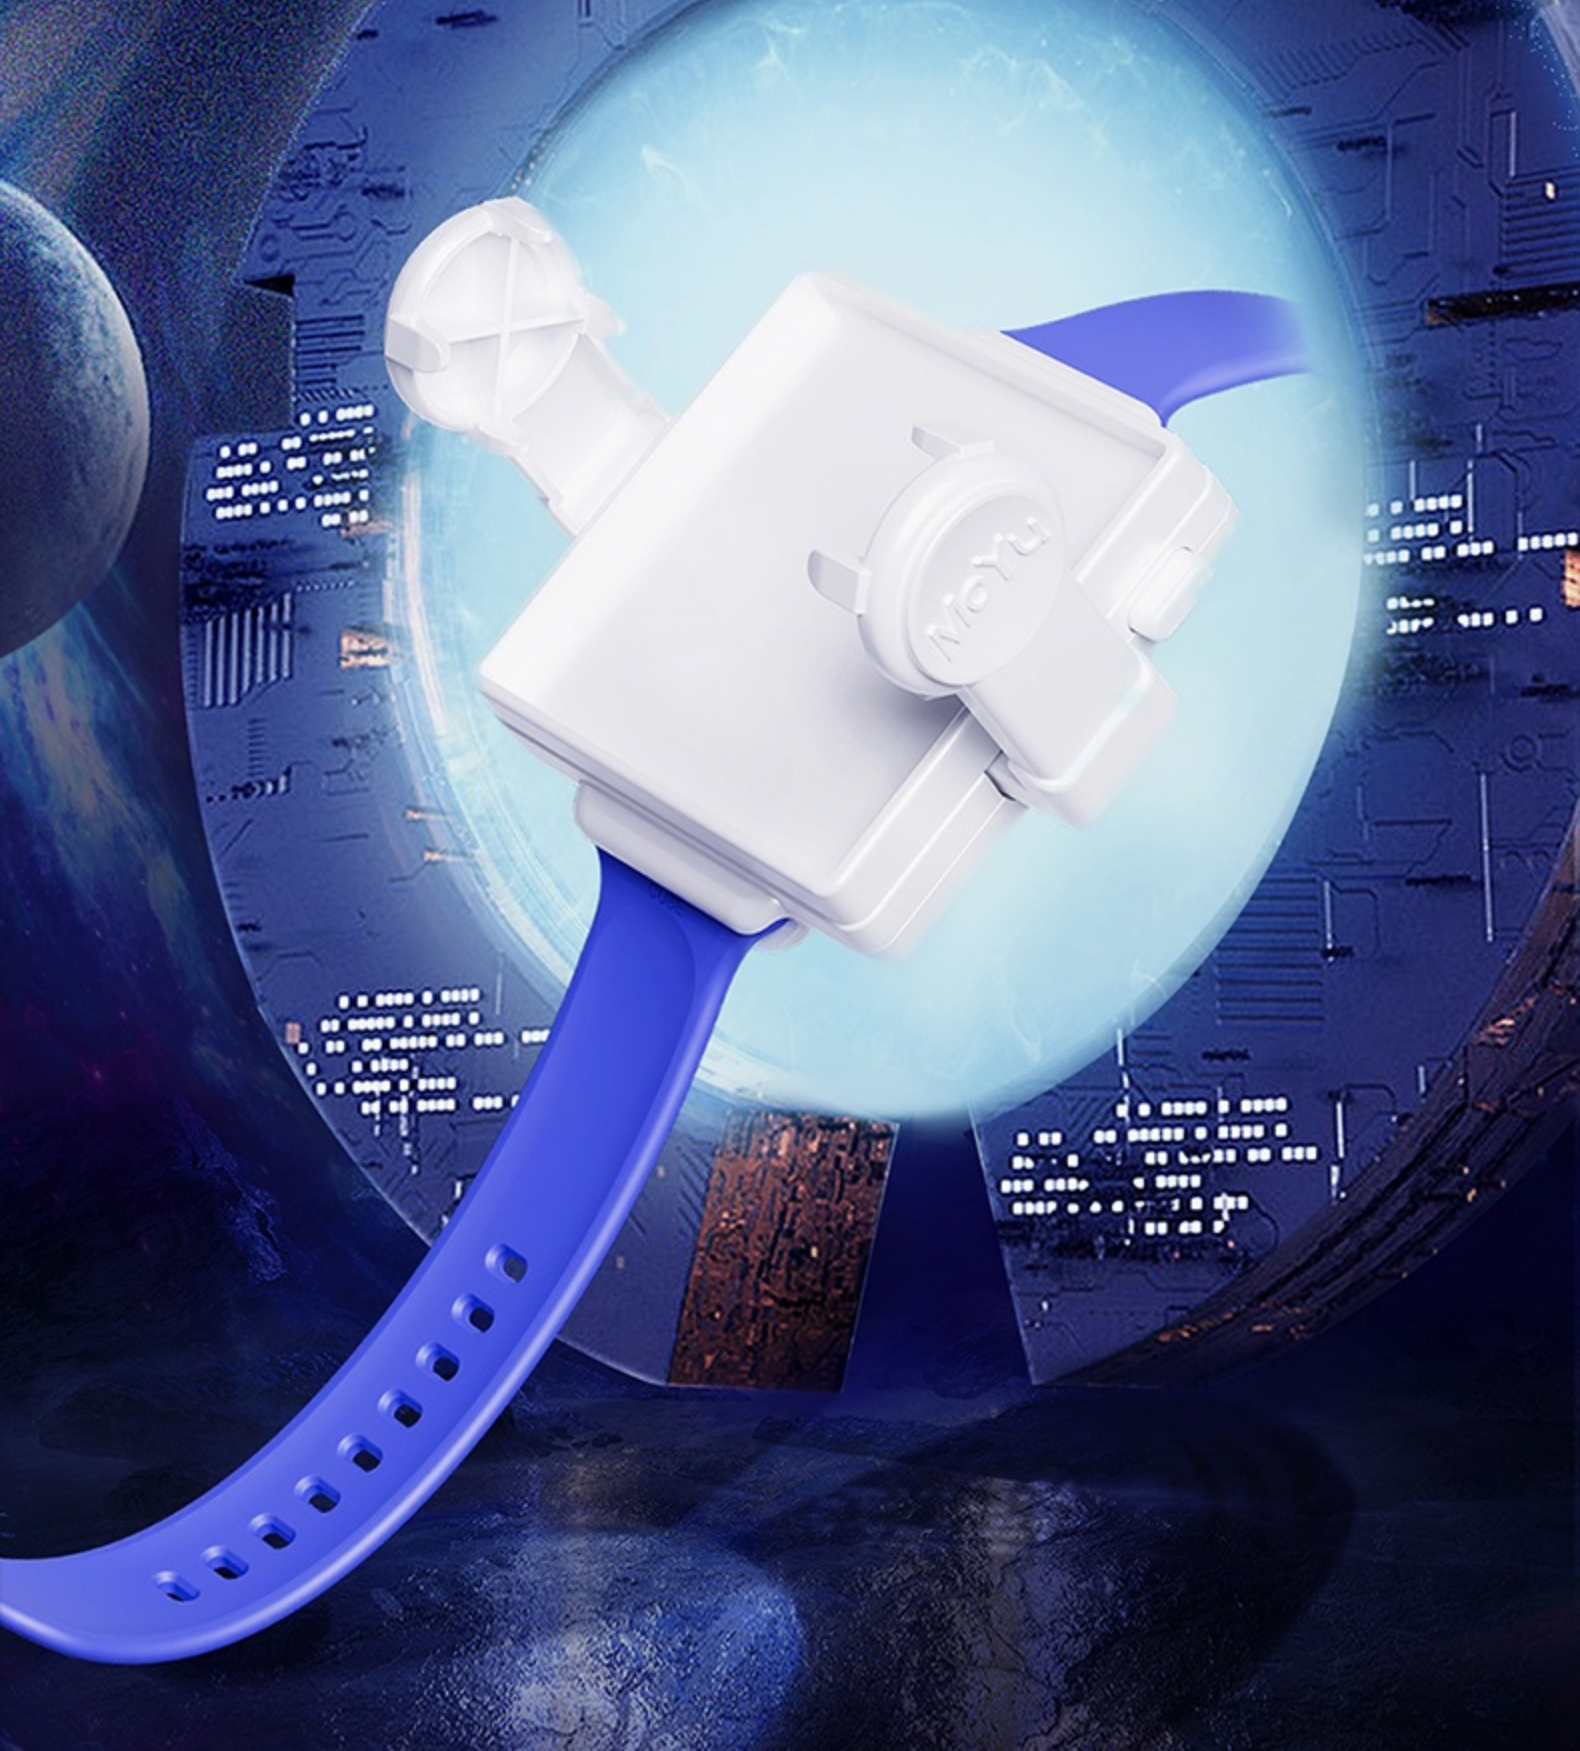

Dragon Chamber

Lightweight Design, Swift and Explosive Speed
