WeiLong V11

# Speed Domination

20-Magnet Ball Core | 8-Level Dual Adjustment
| Crystal Magnetic Capsule

MoYu Culture x WeiLong V11
Brilliant Burst, Pioneering Brilliance

# Why Does the WeiLong V11 Dominate the Speedcubing Arena?

## Pioneering Magnetism

100 Magnets

Ball Core Positioning 3.0

Crystal Magnetic Capsule

## Competition-Level Feel

8-Level Elasticity

8-Level Tension

MagLev Technology

## Stable Structure

Integrated Assembly

Internal & External Anti-Twist

Dual Anti-Stick Design

Magnetic Configuration

# Flawless Magnetic Sensation Effortlessly Master the Experience

## 「How Many of These Magnetic Cube Issues Have You Encountered?」

"Can the alignment feel be stronger?"

"It's annoying to glue the magnets back in when they fall out!"

"The feel is inconsistent—sometimes crisp, sometimes soft!"

"Why do the magnets fall off after some use?"

"Turning left and right feels completely different?"

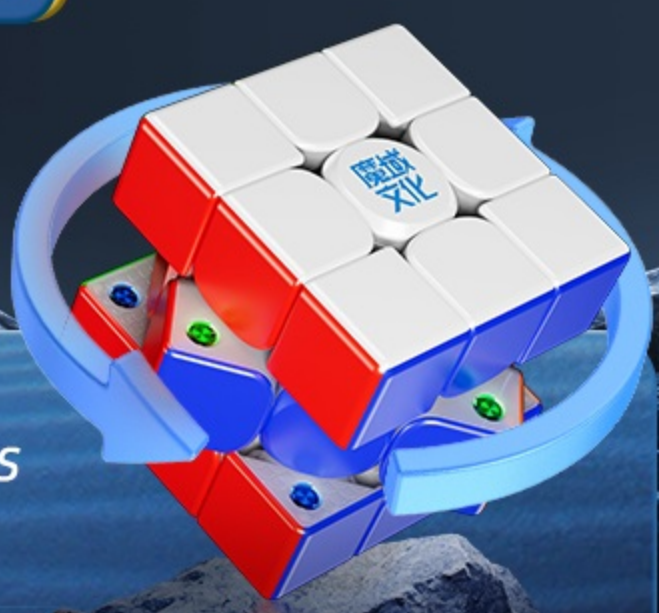

"Edge magnets alone don't provide enough positioning for me..."

"The magnets are too strong; my hands get tired!"

"Too strong or too weak is no good—I need the perfect balance!"

"A cube without magnets feels too light and lacks texture..."

"The magnetic attraction feels too weak!"

## WeiLong V11 Provides Reliable Solutions

## Problem 1: Unstable Magnets That Fall Out

## Solution: Precision Magnetic Slots

Securely hold magnets in place,
accompanying you from beginner to pro.

## Problem 2: Uneven Magnet Distribution

## Solution: Scientifically Optimized Layout

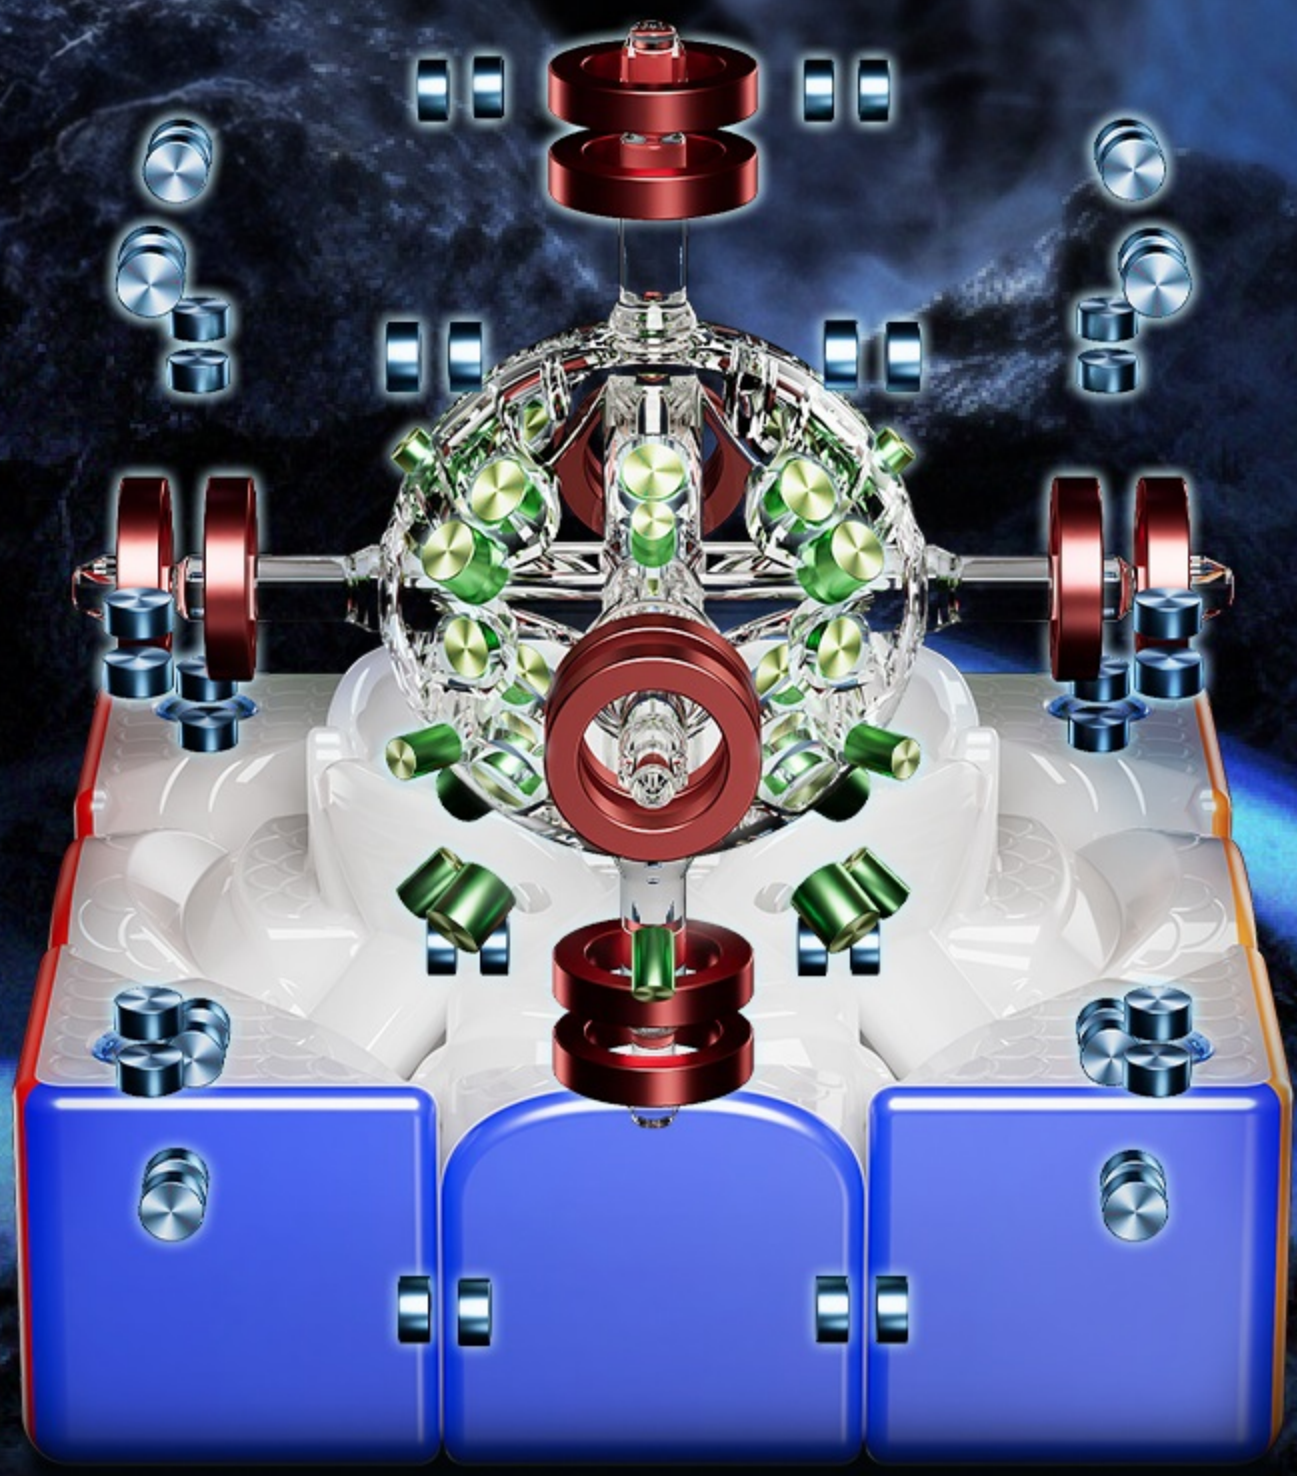

Evenly distributed magnets for a harmonious and comfortable feel.

## Problem 3: Diverse Magnetic Strength Preferences

## Solution: Adjustable Magnetic Strength Levels

48 Magnets / 64 Magnets / 100 Magnets - Three Versions to Choose From.

Aesthetic Craftsmanship

# "Crystal" Brilliance, Pioneering Shine"

**Upgraded Crystal Magnetic Capsule**

Stunning and Vivid

Visible Interpiece Magnets, Clear and Distinct

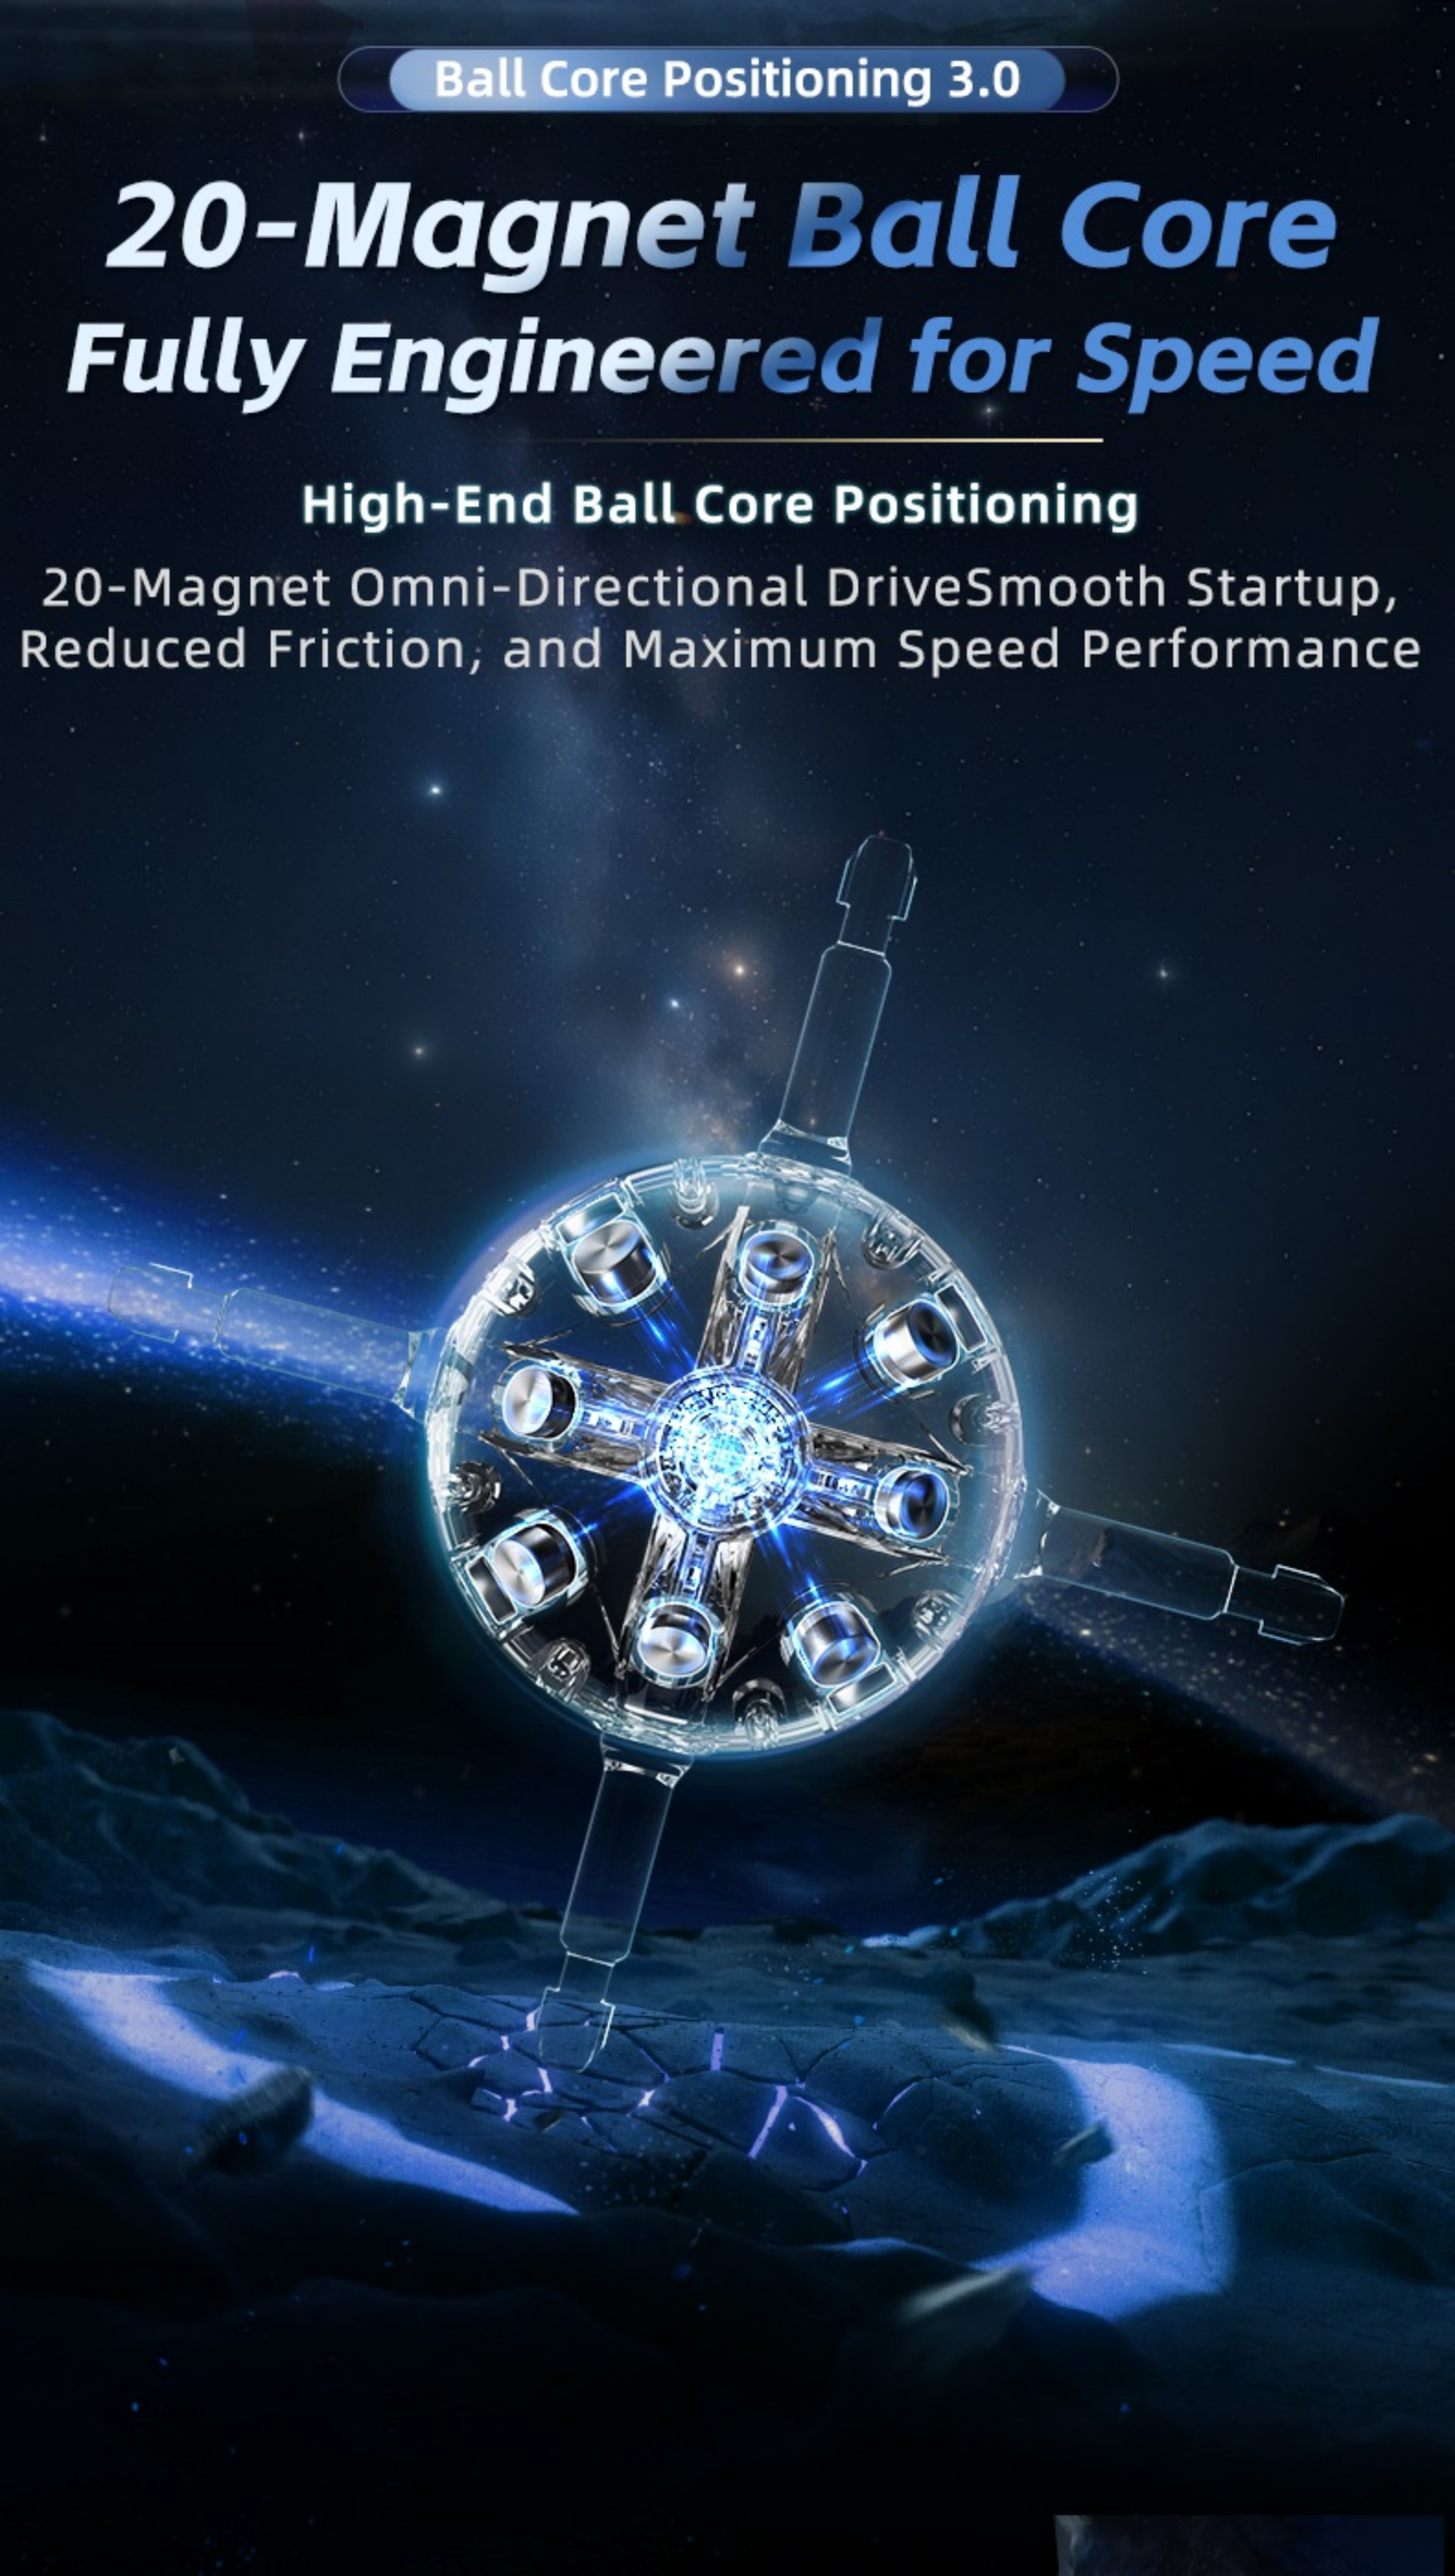

Ball Core Positioning 3.0

# 20-Magnet Ball Core
# Fully Engineered for Speed

## High-End Ball Core Positioning

20-Magnet Omni-Directional DriveSmooth Startup, Reduced Friction, and Maximum Speed Performance

Adjustable Feels

# 64 Configurations

## The Ultimate Adjustment Control

**8x8 Dual Adjustments,**
Effortlessly Customize 64 Different Feels

### 8-Level | 8-Elasticity Adjustment

MagLev Version: Magnetic pressure storage, low resistance, silent elasticity.
Spring Version: Mechanical rebound, immersive control.

### 8-Level | Tension Adjustment

Gradual adjustments, adjust tension with ease.

Stable Structure

# Superior Stability Design

## Unleash Your Finger Speed Freely

**Meticulously Engineered Stability**
Unlock Your Full Speed Potential

## Seamless Structure

**Integrated Assembly**

solid build, drop-resistant.

## Internal & External Anti-Twist

### Inner Triangular Anti-Pop Feet

Triple-lock mechanism,
preventing popping.

### Outer Right-Angle Anti-Twist

Rigid angle defense,
resisting rough turns.

## Dual Anti-Stick Design

### Dragon Scale Anti-Stick Grooves

Large-scale anti-stick treatment
for a smooth feel.

### Lubrication Storage Pores

Long-lasting lubrication
for seamless turnings.
