WeiPo V5

Core-Concept 2x2

Full-Magnetic Speed Surge

76 Magnets / **20**-Magnet Ball Core / **8**-Level Elasticity

MOYU

76-Magnet 2x2 Cube

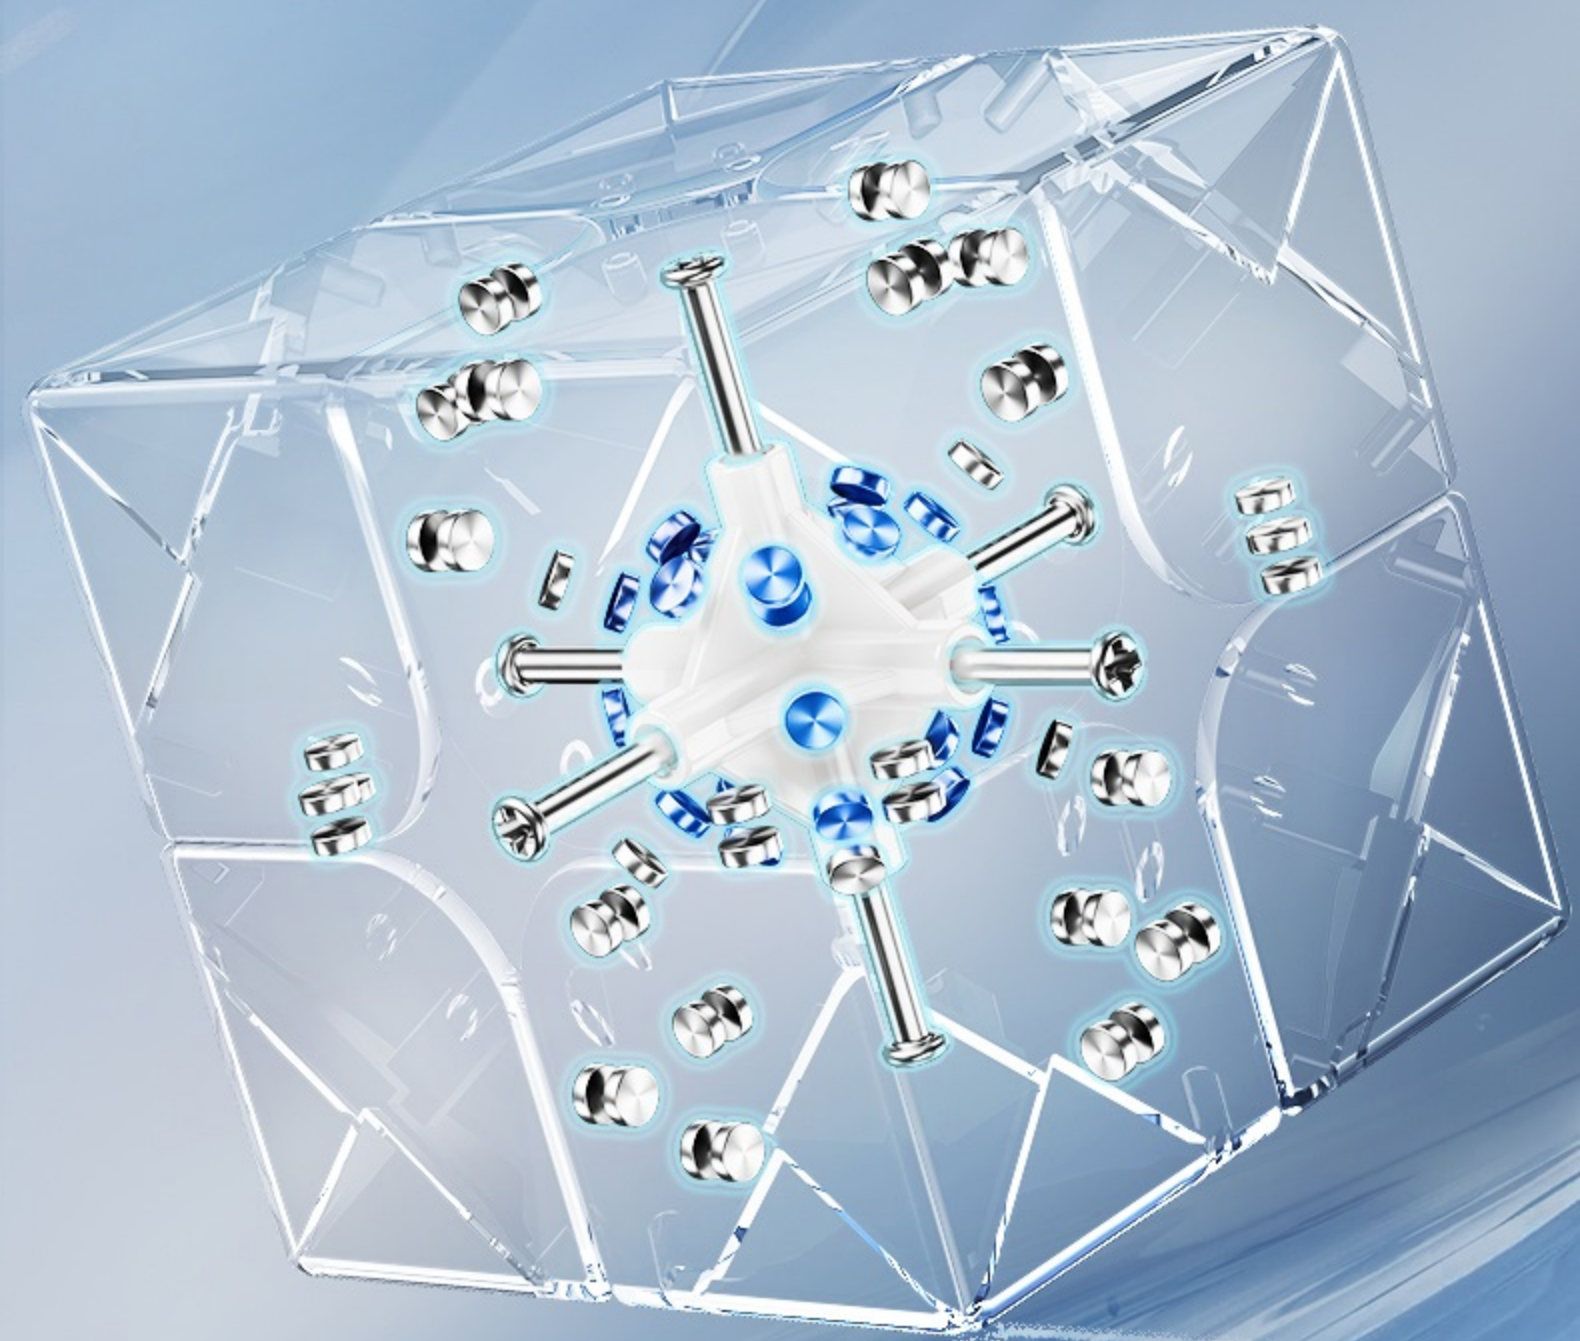

A Global First by MoYu Culture

What Is a Core-Concept 2x2 Cube?

Enhanced with a 20-Magnet Ball Core for precise core alignment, and upgraded to 76 high-precision magnets.

Combines dual speed-boosting features, redefining the competitive 2x2 experience.

WeiPo V5 : Speed Unleashed, Grand Debut.

Why Choose It

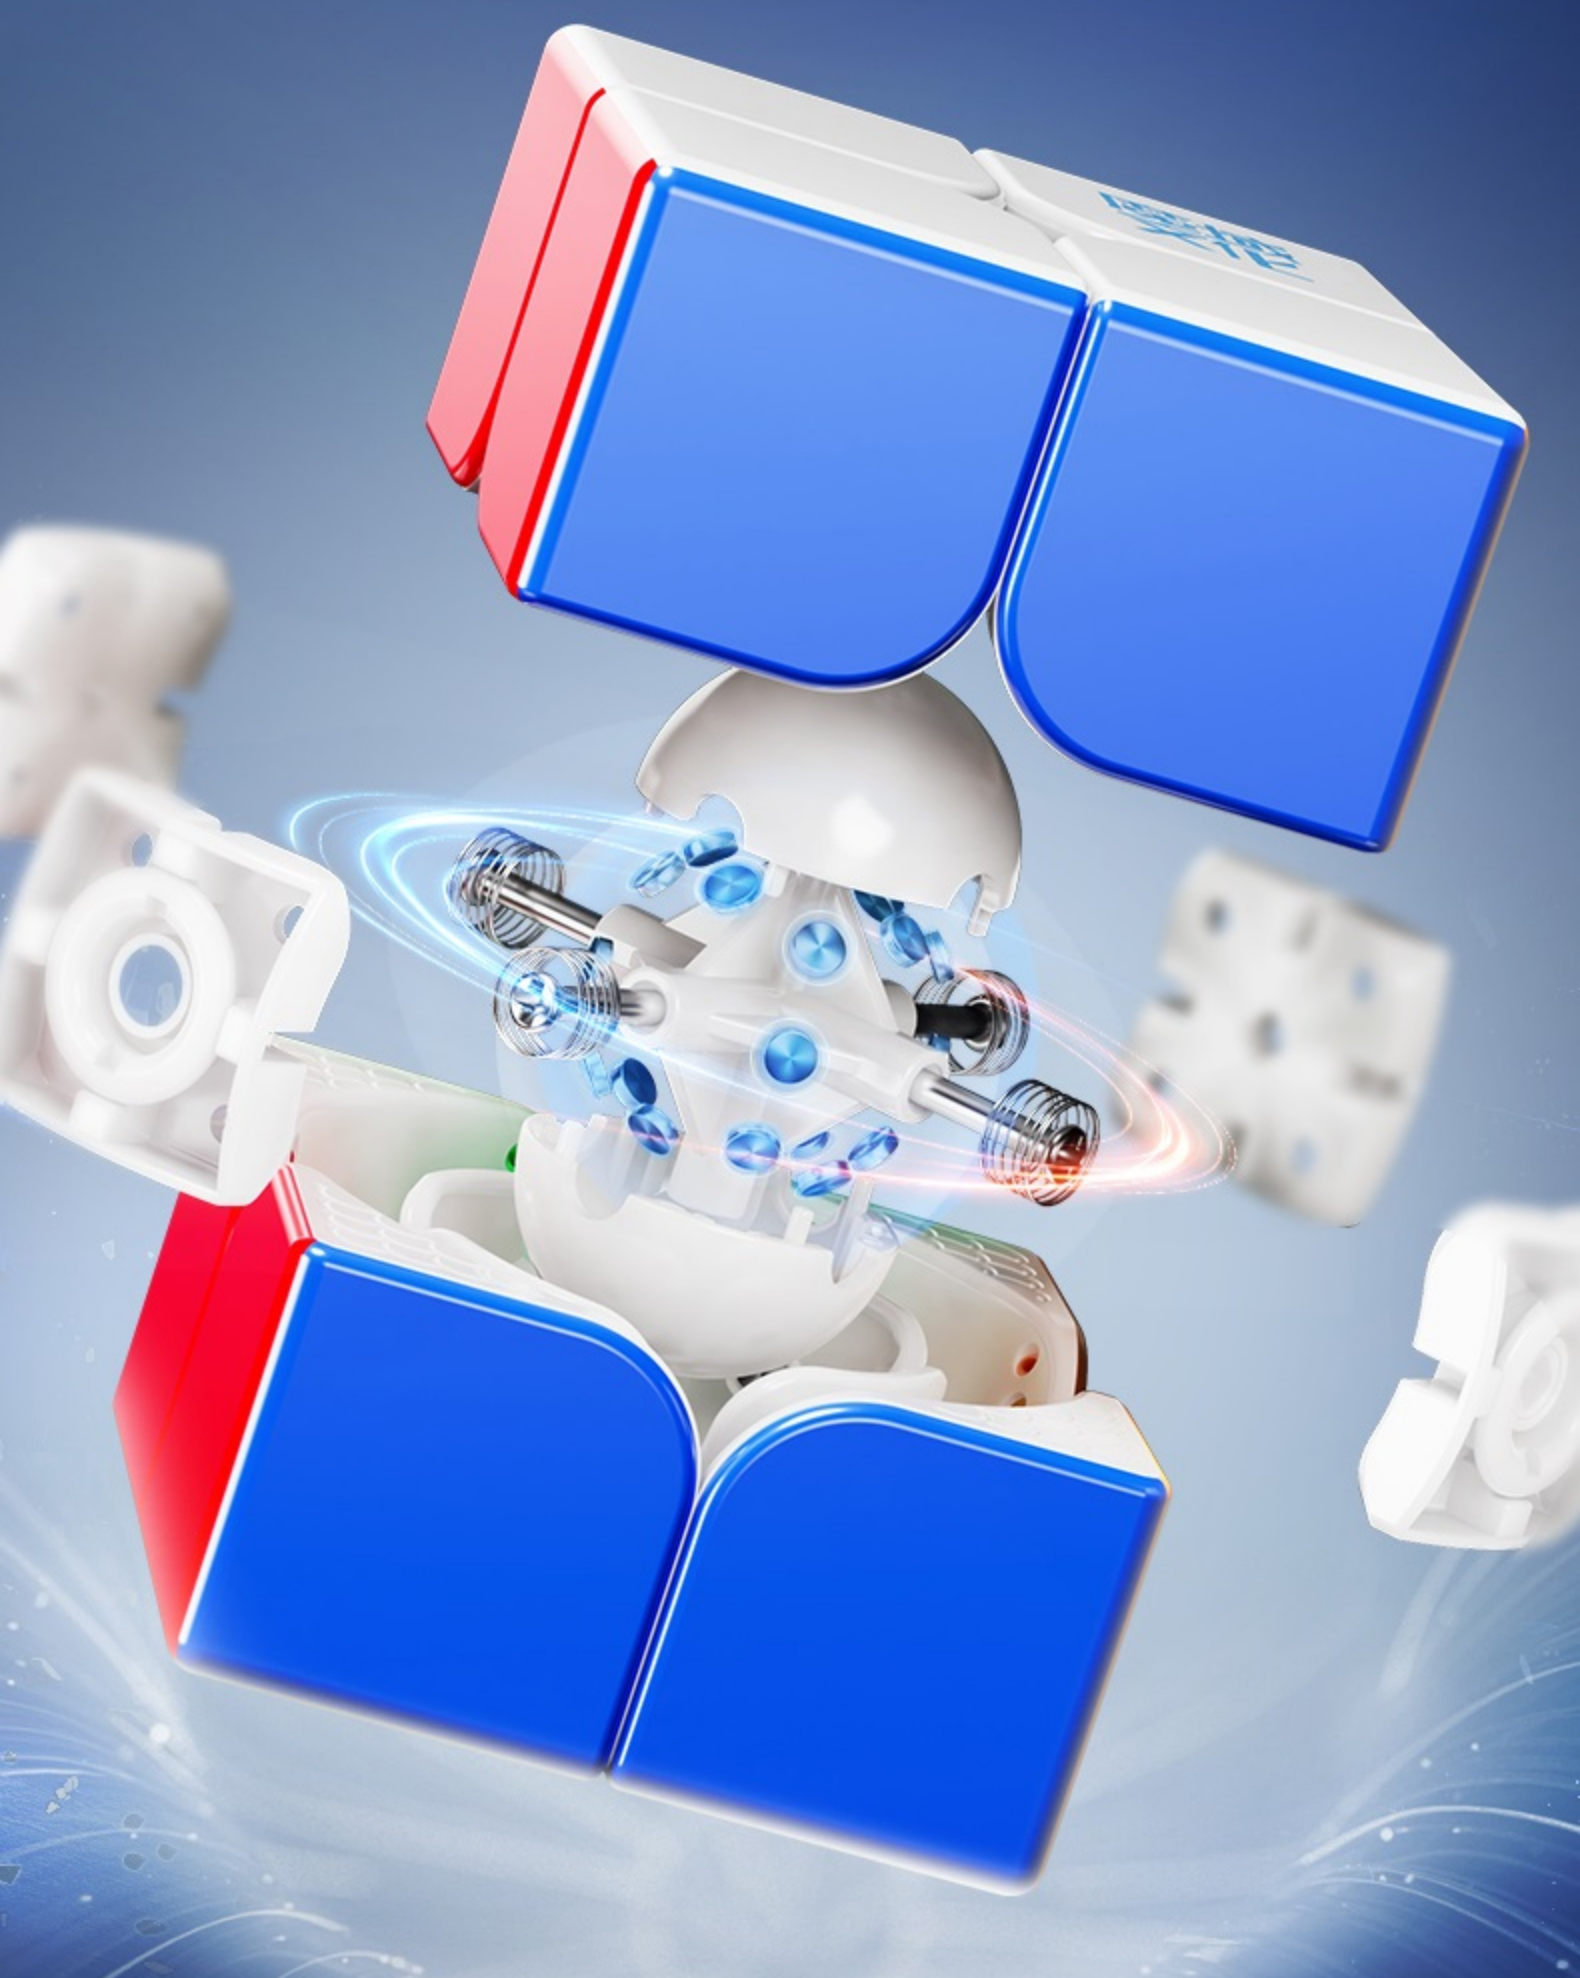

Ball Core Positioning

〔20-Magnet Ball Core〕

Cross-Level Upgrade

Equipped with a 20-Magnet Ball Core, achieving nearly 360° seamless alignment. This compact 2x2 packs powerful core strength, unlocking full speed potential.

Standard Ball Core 2x2

- 8 Ball Core Magnets
- Sparse Magnet Distribution
- Weaker Core Force, Resistance During Startup

WeiPo V5

- 20 Ball Core Magnets
- 3D Magnet Coverage on Ball Core
- Stronger Core Force, Smooth Startup

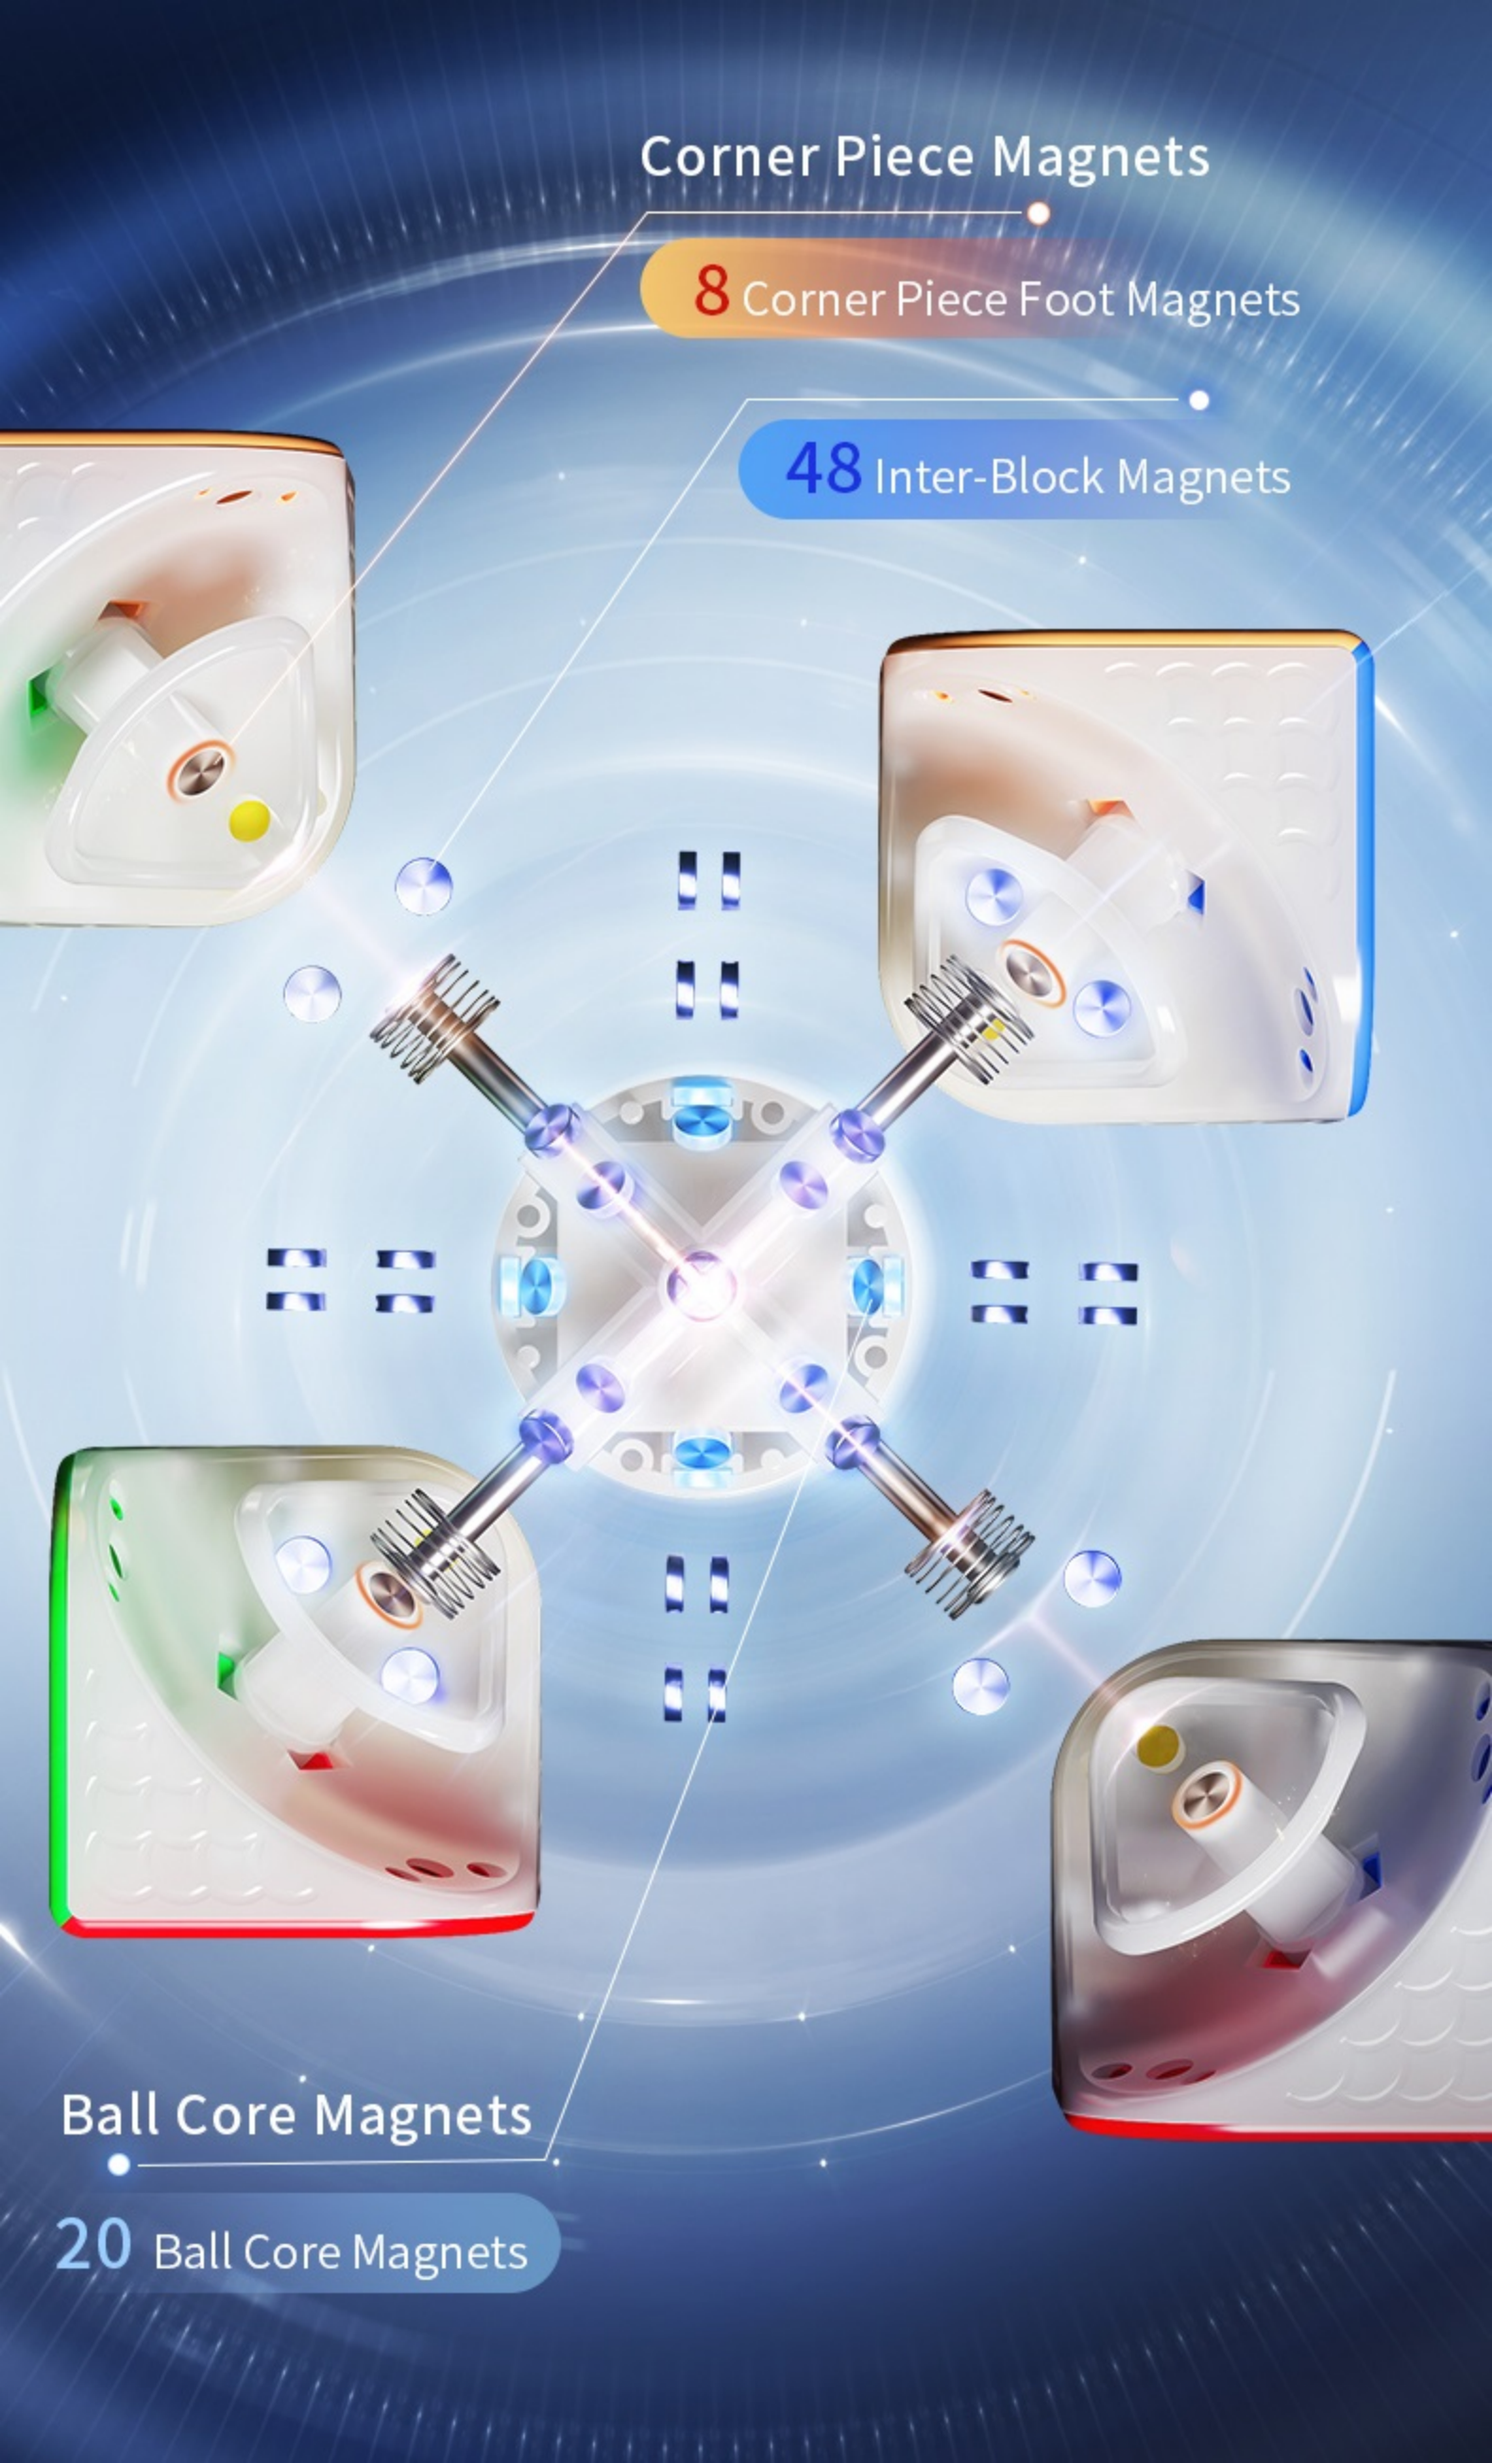

Magnetic Positioning

〈76-Magnet Cube〉

Breaking Magnetic Limits Again

Innovates beyond traditional 2x2 designs with 76-magnet configuration. A gentle turn ignites full magnetic power for lightning-fast alignment.

So much magnetic power in one 2x2 cube!

Corner Piece Magnets
8 Corner Piece Foot Magnets
48 Inter-Block Magnets
Ball Core Magnets
20 Ball Core Magnets

Feel Adjustment

〔8 X N Feel Options〕

Customizable at Will

Easily adjust to tailor your 2x2 feel for enhanced speed efficiency.

---

8 -Level Elasticity Adjustment

Scientifically segmented elasticity with high-precision spring rebound.
A crisp "click" locks in your desired feel.

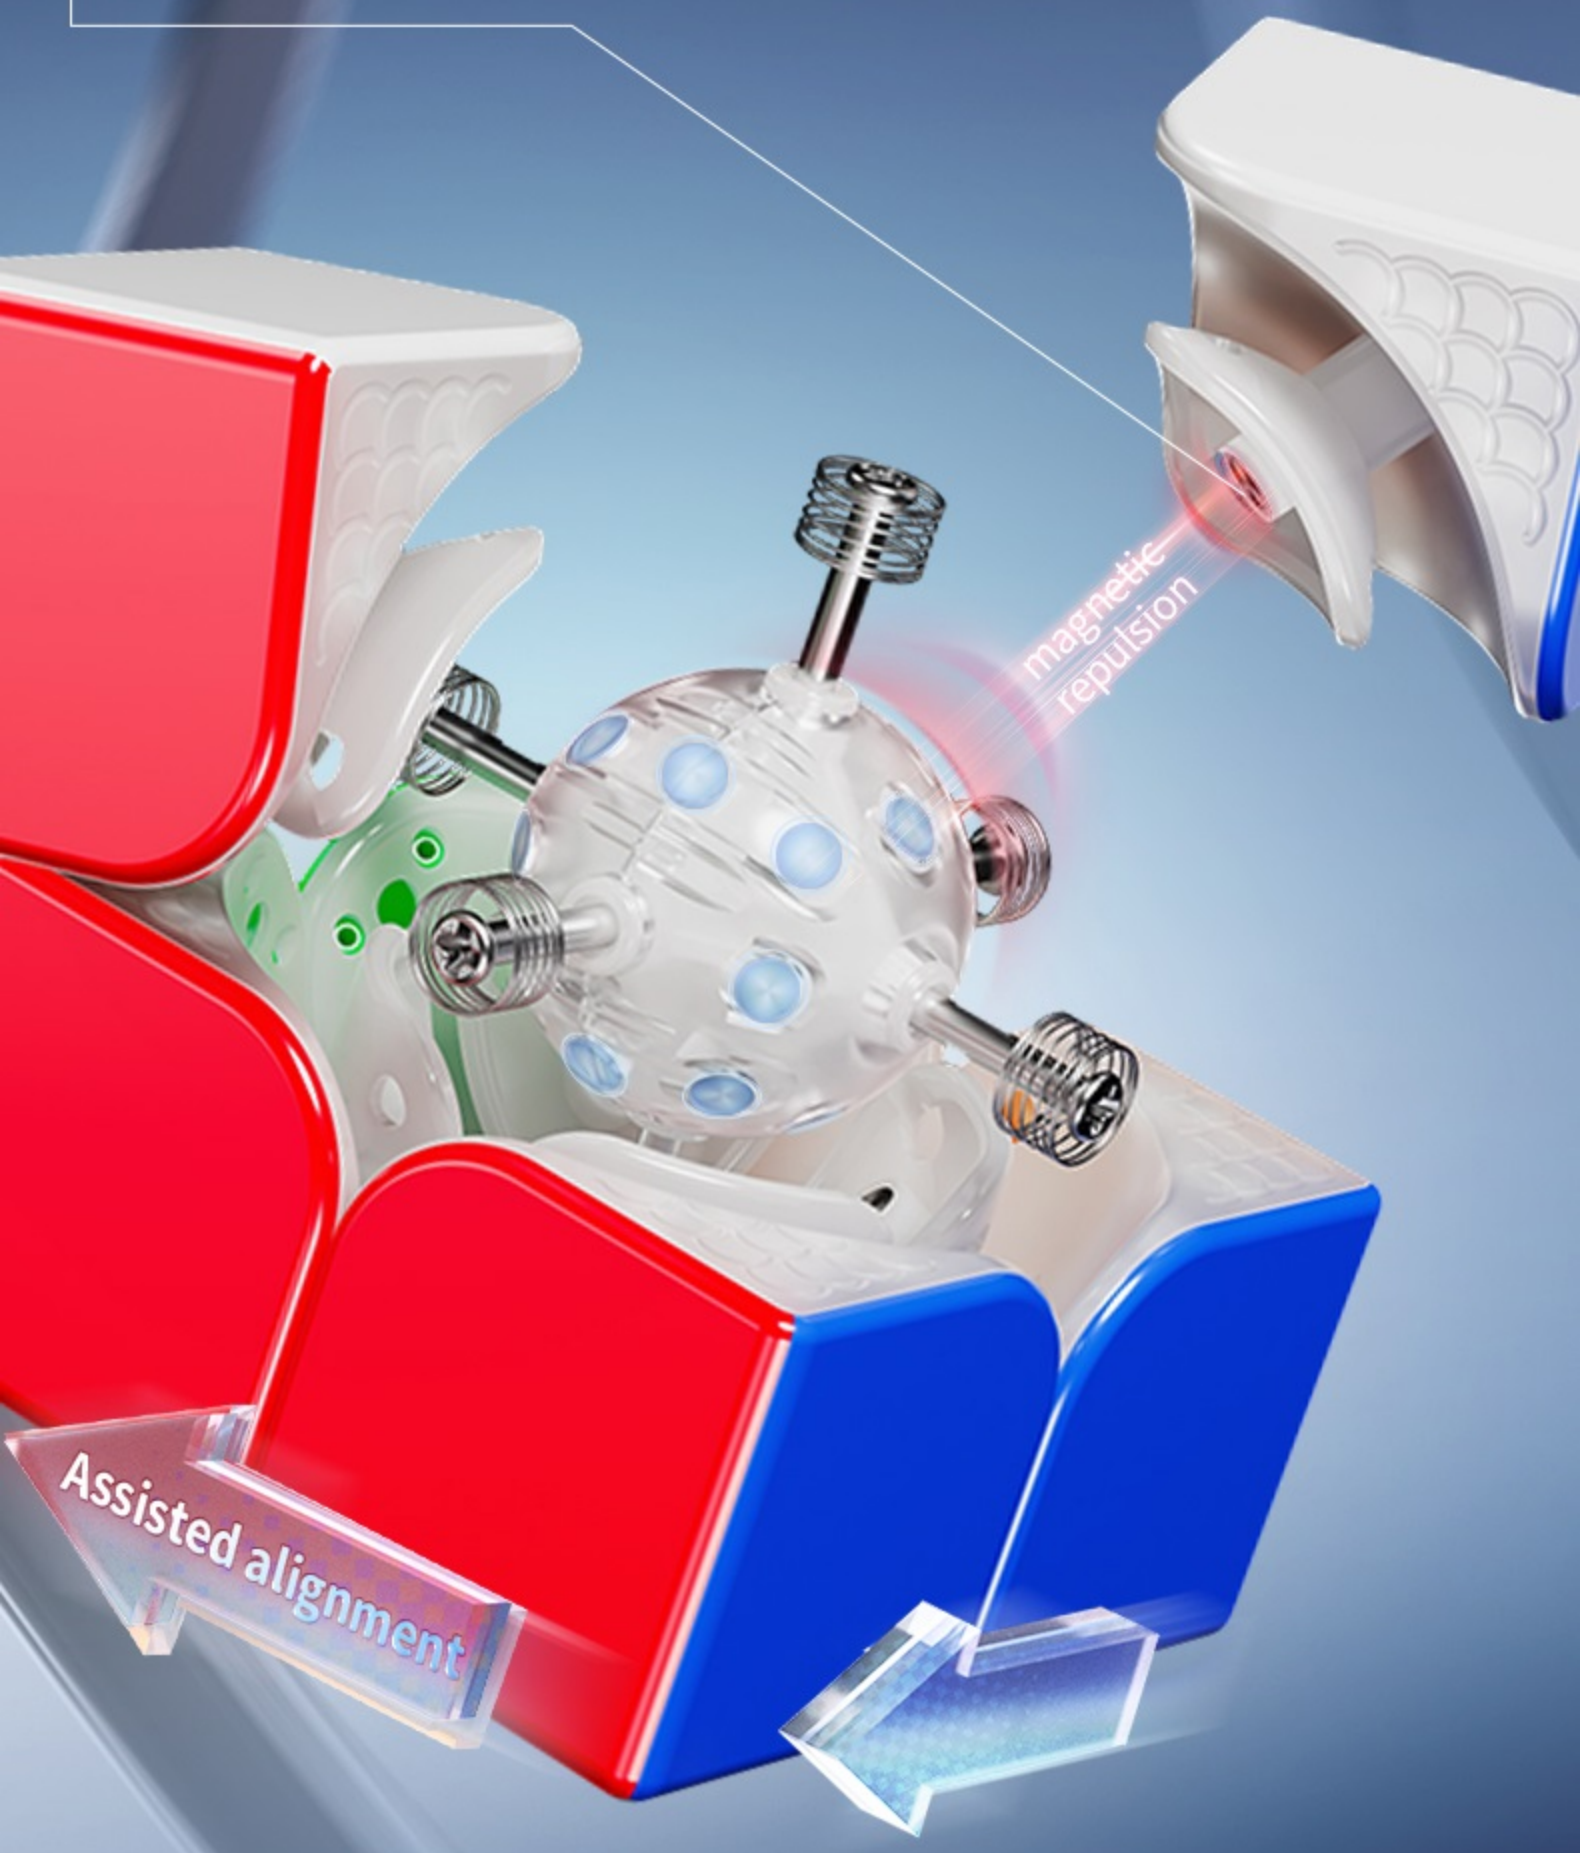

N-Level
Axis Distance Adjustment

Stable screw-based tension allows precise tension adjustment.
Finely control tension distance freely, avoiding overly tight or loose tension.

Repulsive Force Alignment

The 2x2 finally introduces the "auto-align hack"!
A gentle turn activates the **magnetic repulsion**
between edge and ball core.
Assisted alignment delivers an effortlessly smooth experience.

Detail Design

Three Ingenious Features

A Must-Have Main for 2x2 Lovers

Edge Piece Design

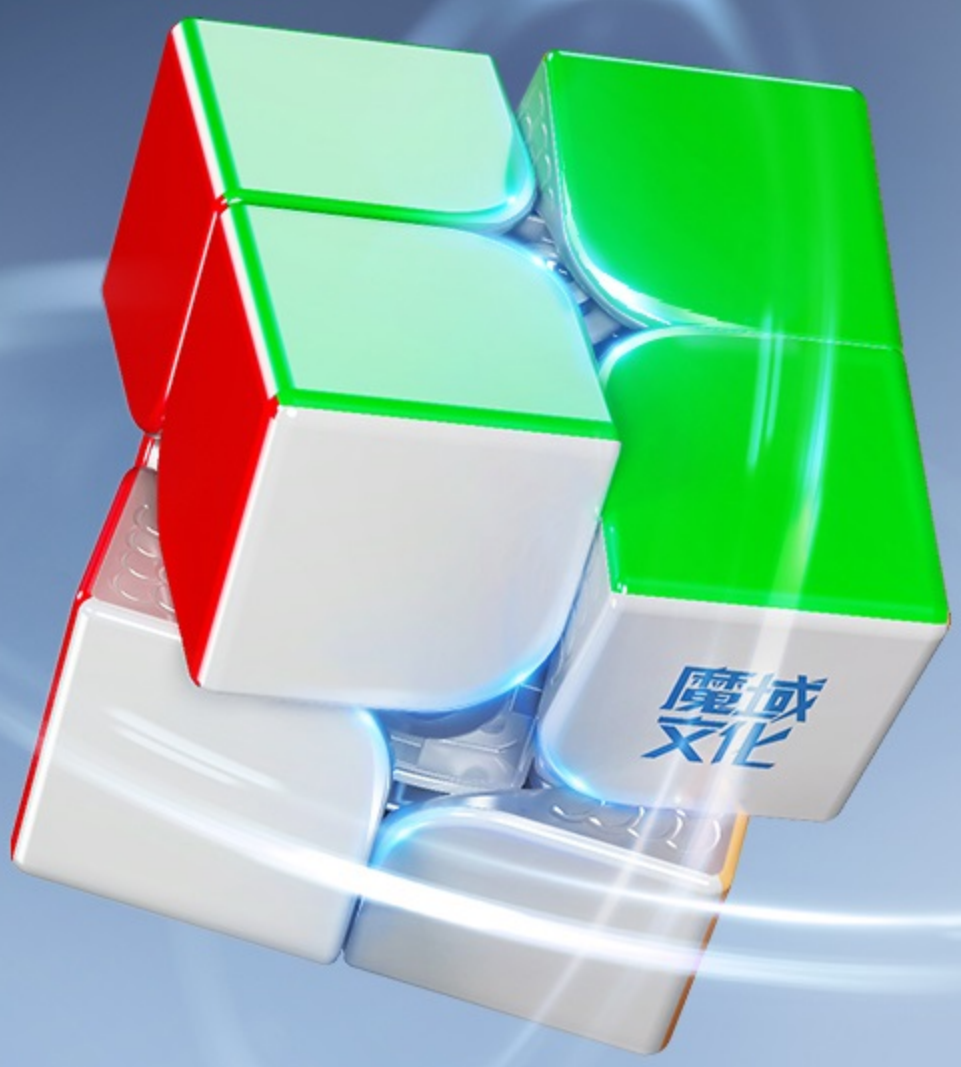

The "top achiever"
among 2x2 edge pieces

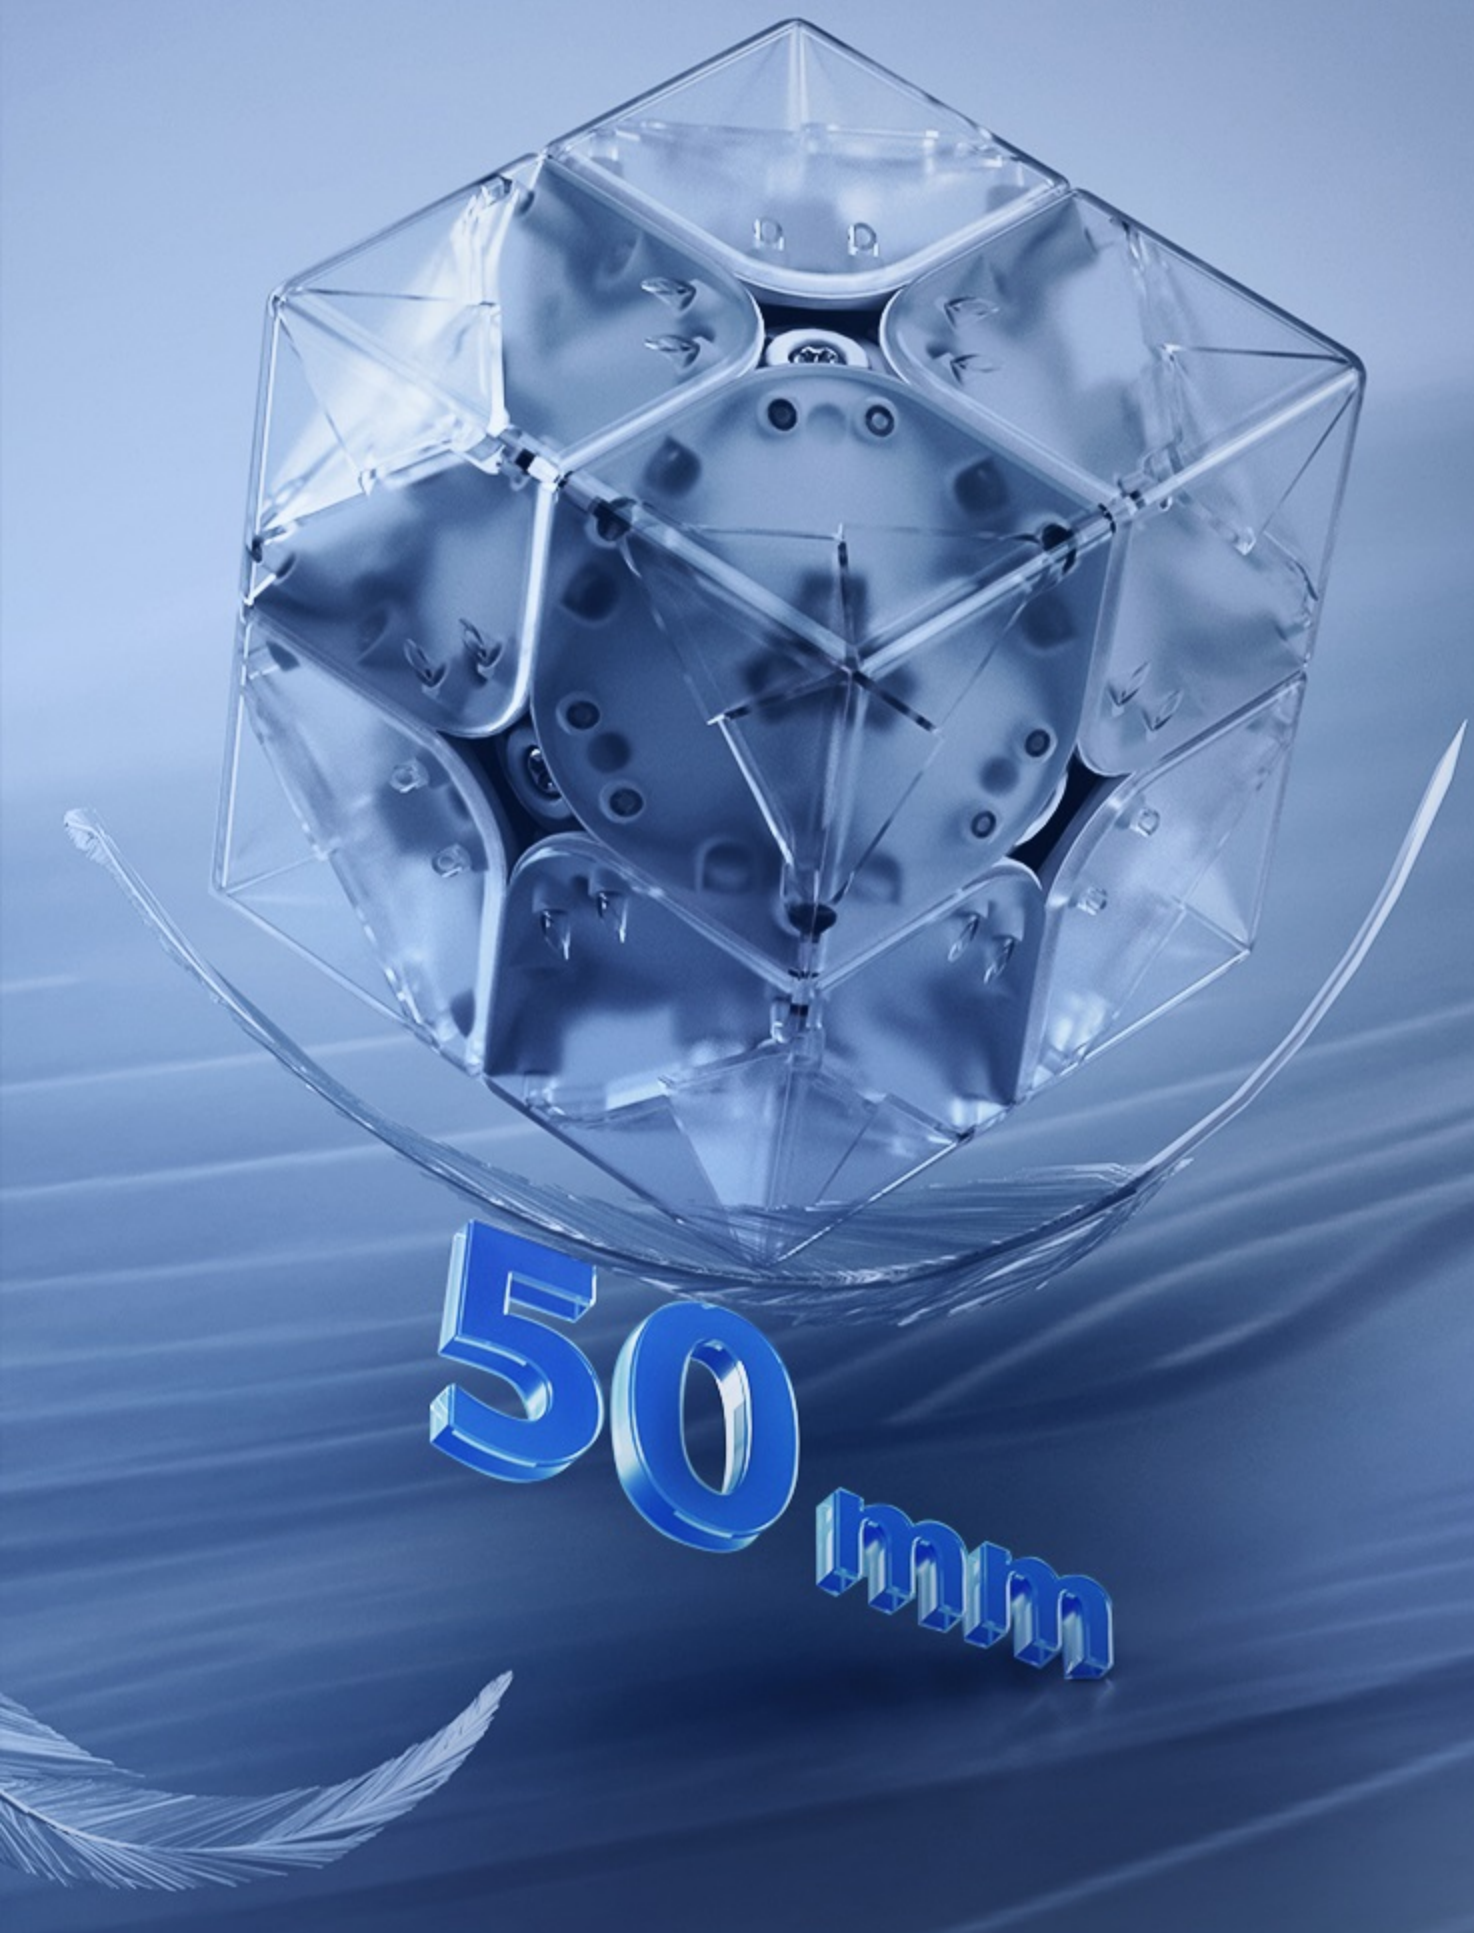

Large Corner Cut Design

Effectively reduces friction and collisions for smoother moves.
Automatically corrects slight misalignments,
ensuring excellent corner-cuttings.

Lightweight Design

Compact 50mm size offers a soft and comfortable grip.
Partially hollowed-out design **reduces weight**,
restoring 2x2's agile feel.

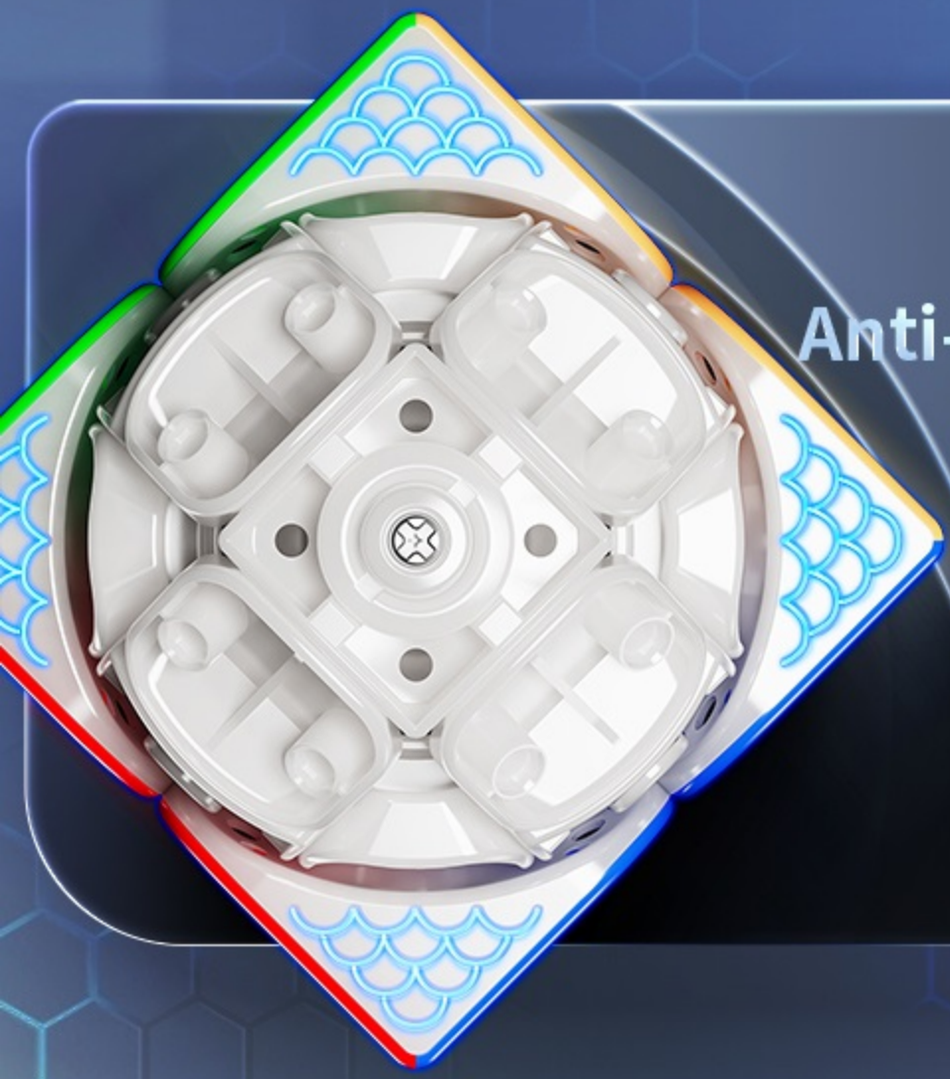

Stable Structure

from Inside Out
Stable all the way

Triangular Anti-pop Feet

Prevents pieces from popping, Ensures stability during turns.

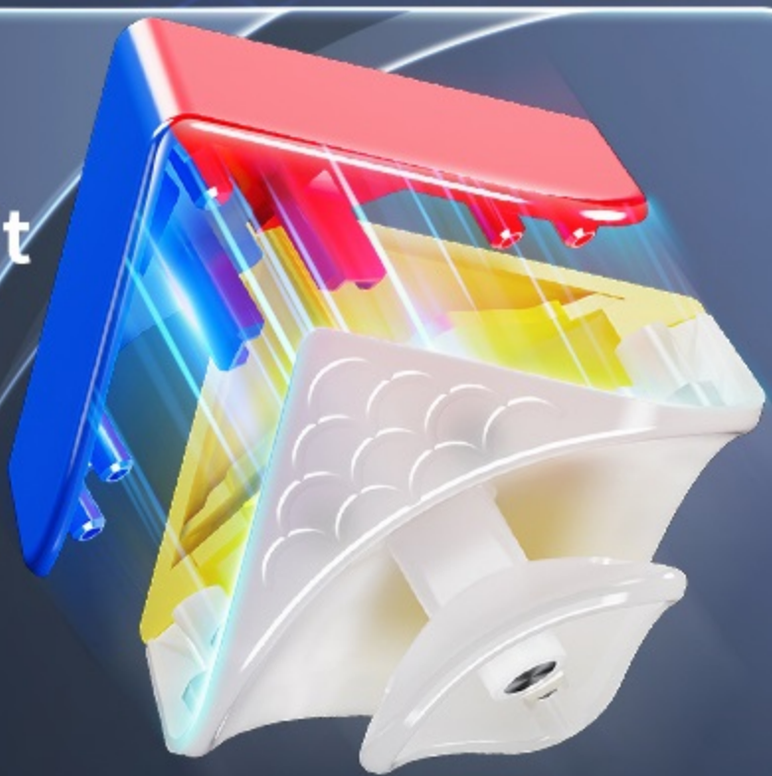

Anti-stick Internal Grooves

Dragon scale pattern ensures a smooth, non-sticky feel.

Seamless Snap-fit Assembly

Secures outer pieces tightly for stable turns.

Exterior Craftsmanship

〔 Radiant Magic Cloth 〕

with Brilliant Colors

Stylish, silky to touch, and a true showstopper.
