SIX STANDOUT DESIGN FEATURES THAT MAKE UP THE ELITE PERFORMER:

Elite · UV Version

THE PERFECT BALANCE BETWEEN SIZE AND WEIGHT SETTING A NEW STANDARD FOR SPEEDCUBES, OFFERING OPTIMAL FLEXIBLE CONTROL

Elite · UV Version

7-LEVEL AXLE DISTANCE ADJUSTMENT SYSTEM, PROVIDED WITH VISUAL INDICATORS:

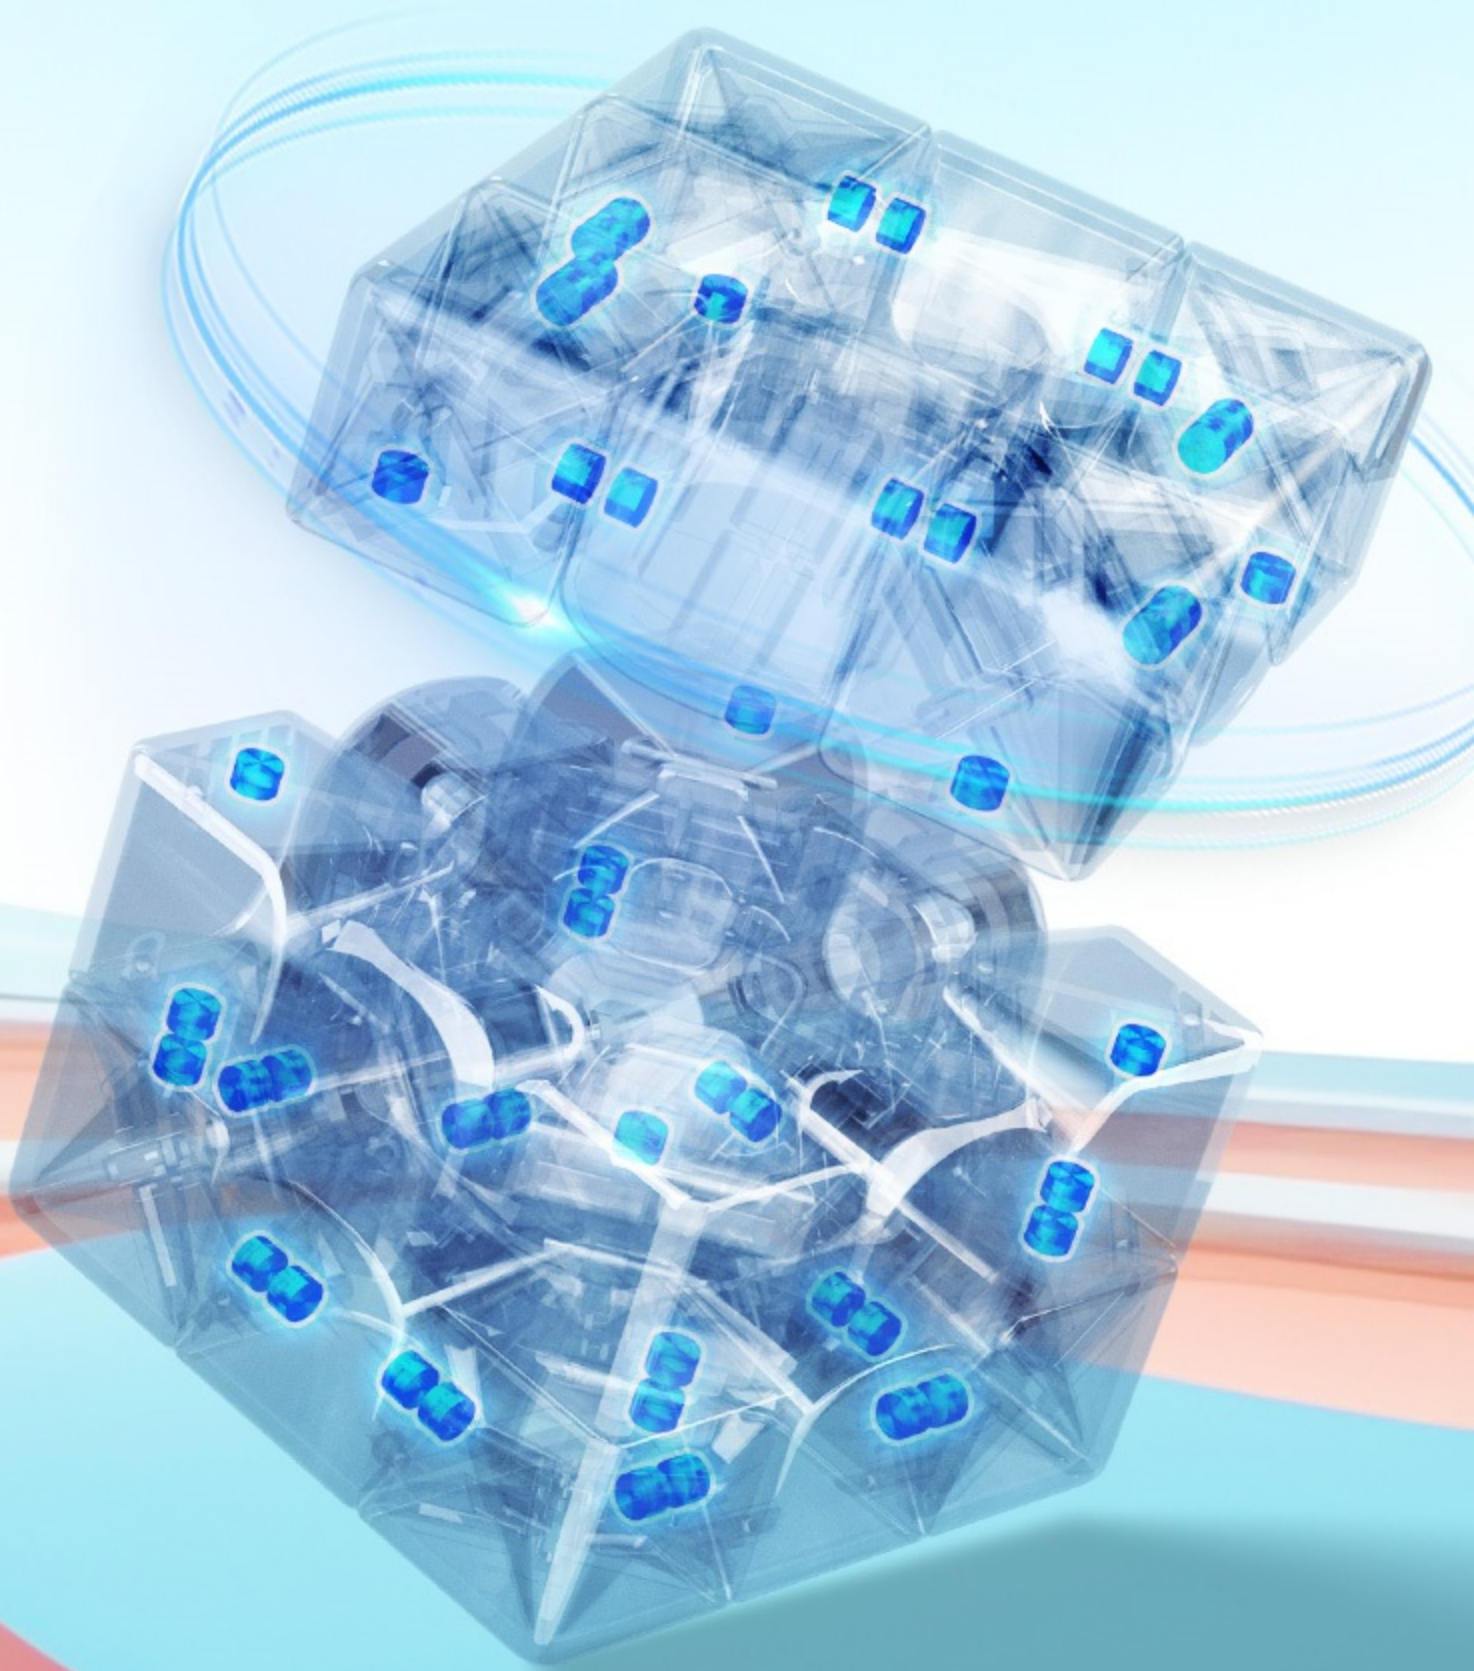

Experience effortless axis distance adjustment by simply opening the center cap and turning counterclockwise. Visualize your setting through the two round holes: a higher number means a tighter (smaller) axis distance.
Default setting starts at 3, ensuring optimal performance for every solve.

Elite · UV Version

CORNER-EDGE MAGNETIC SYSTEM WITH 48 MAGNETS ASSISTING IN POSITIONING

this cube offers enhanced stability and an exceptional feel.

Elite · UV Version

HUGE CORNER-CUT WITH BIG ROUND CORNER

Exceptional corner-cutting ensures
