OPTIMIZED MAGNETIC POSITIONING SYSTEM UNSTOPPABLE PERFORMANCE BOOST

**Boosting the magnetic force at the center dial,
while dialing down the magnetic force at the edges assists
the magnetic positioning on corner dials for smoother solving
Significantly reduced resistance difference between
single-button and four-button operations**

Version	QY Clock - Blue	QY Clock
Difference in resistance between single-button and four-button	50%	111%

Feel the difference as magnetic rings position the scale rings and buttons, elevating your turning experience.
