MGC3 BETA

SUPER CORE INNOVATIVE SPEED

Repulsion positioning / core magnets / manual adjustment

Maglev dual-adjustment

Core magnets

Repulsion positioning

Pin-type connection

Scale pattern concave

Accurate unified design

Clear PC components

MAGLEV DUAL ADJUSTMENT

MAGLEV WITH NO RESISTANCE TO DEFINE YOUR PREFERENCE

9-level maglev with manual adjustment
Multiple settings to improve your solving!

CORE MAGNETS LAY-OUT

MAGNETS IN ALL DIRECTIONS EXTRAORDINARY FEELING

8 core magnets and 20 feet magnets
Accurate turning and fantastic speed!

AUTOMATIC TURNING

EFFORTLESS TURNING
ENJOY YOUR SOLVING!

Core magnets and feet magnets
combination makes 43° automatic turning
Easy to turn with no lock-ups

PIN-TYPE CONNECTION

SIMPLE DESIGN MAKES STABILITY

Pure engineering design makes stable mechanism

HIGH PRECISION UNIFIED CORE

INNOVATIVE TECHNOLOGY

Innovative technology makes
smooth and comfortable feel
Upgraded unified core helps high TPS

SCALE PATTERN
ANTI-STICK CONCAVE

Golden 60° scale pattern anti-stick concave
improves the lube effect
To make the lube stay in the contact
surface longer and balanced.

DIVERSE CLEAR
PC COMPONENTS

NICE LOOKING AND GREAT PERFORMANCE

Colored clear components look like stars in the sky

To decorate the cube from outside to inside

REMOVABLE REPULSION TORPEDO

PROVIDE MORE COMBINATIONS

12 attached edge torpedoes in Maglev UV & Core magnets UV versions, which can provide automatic turning feel and stable performance.

Nonporous torpedo

Repulsion torpedo

SPEED VERSION SPECIFICATION

Location/Version	Magnetic Version	Full Magnets UV Coated	Maglev UV Coated
Core	nylon no magnets	8 magnets full direction	8 magnets full direction
Tensioning	9-level spring dual adjustment	9-level spring dual adjustment	9-level spring dual adjustment
Edge feet	regular double feet	magnet repulsion double feet	magnet repulsion double feet
Corner feet	regular with no magnets	magnet positioning	regular with no magnets
Magnets	48	76	88
Appearance	frosted	UV coated	UV coated
High strength graphite washer	√	√	–
Scale pattern anti-stick concave	√	√	√

PRODUCT INFORMATION

Product:	MGC3 BETA
Item No.:	YJ8124
Packaging:	cube box+instructions+accesories box
Material:	ABS
Weight:	78g
Size:	56x56x56mm

*The pictures are for reference only. Please refer to the actual product for accuracy
