WHAT WE ARE PURSUING’ MAGNETIC FUN - STEADY RACING

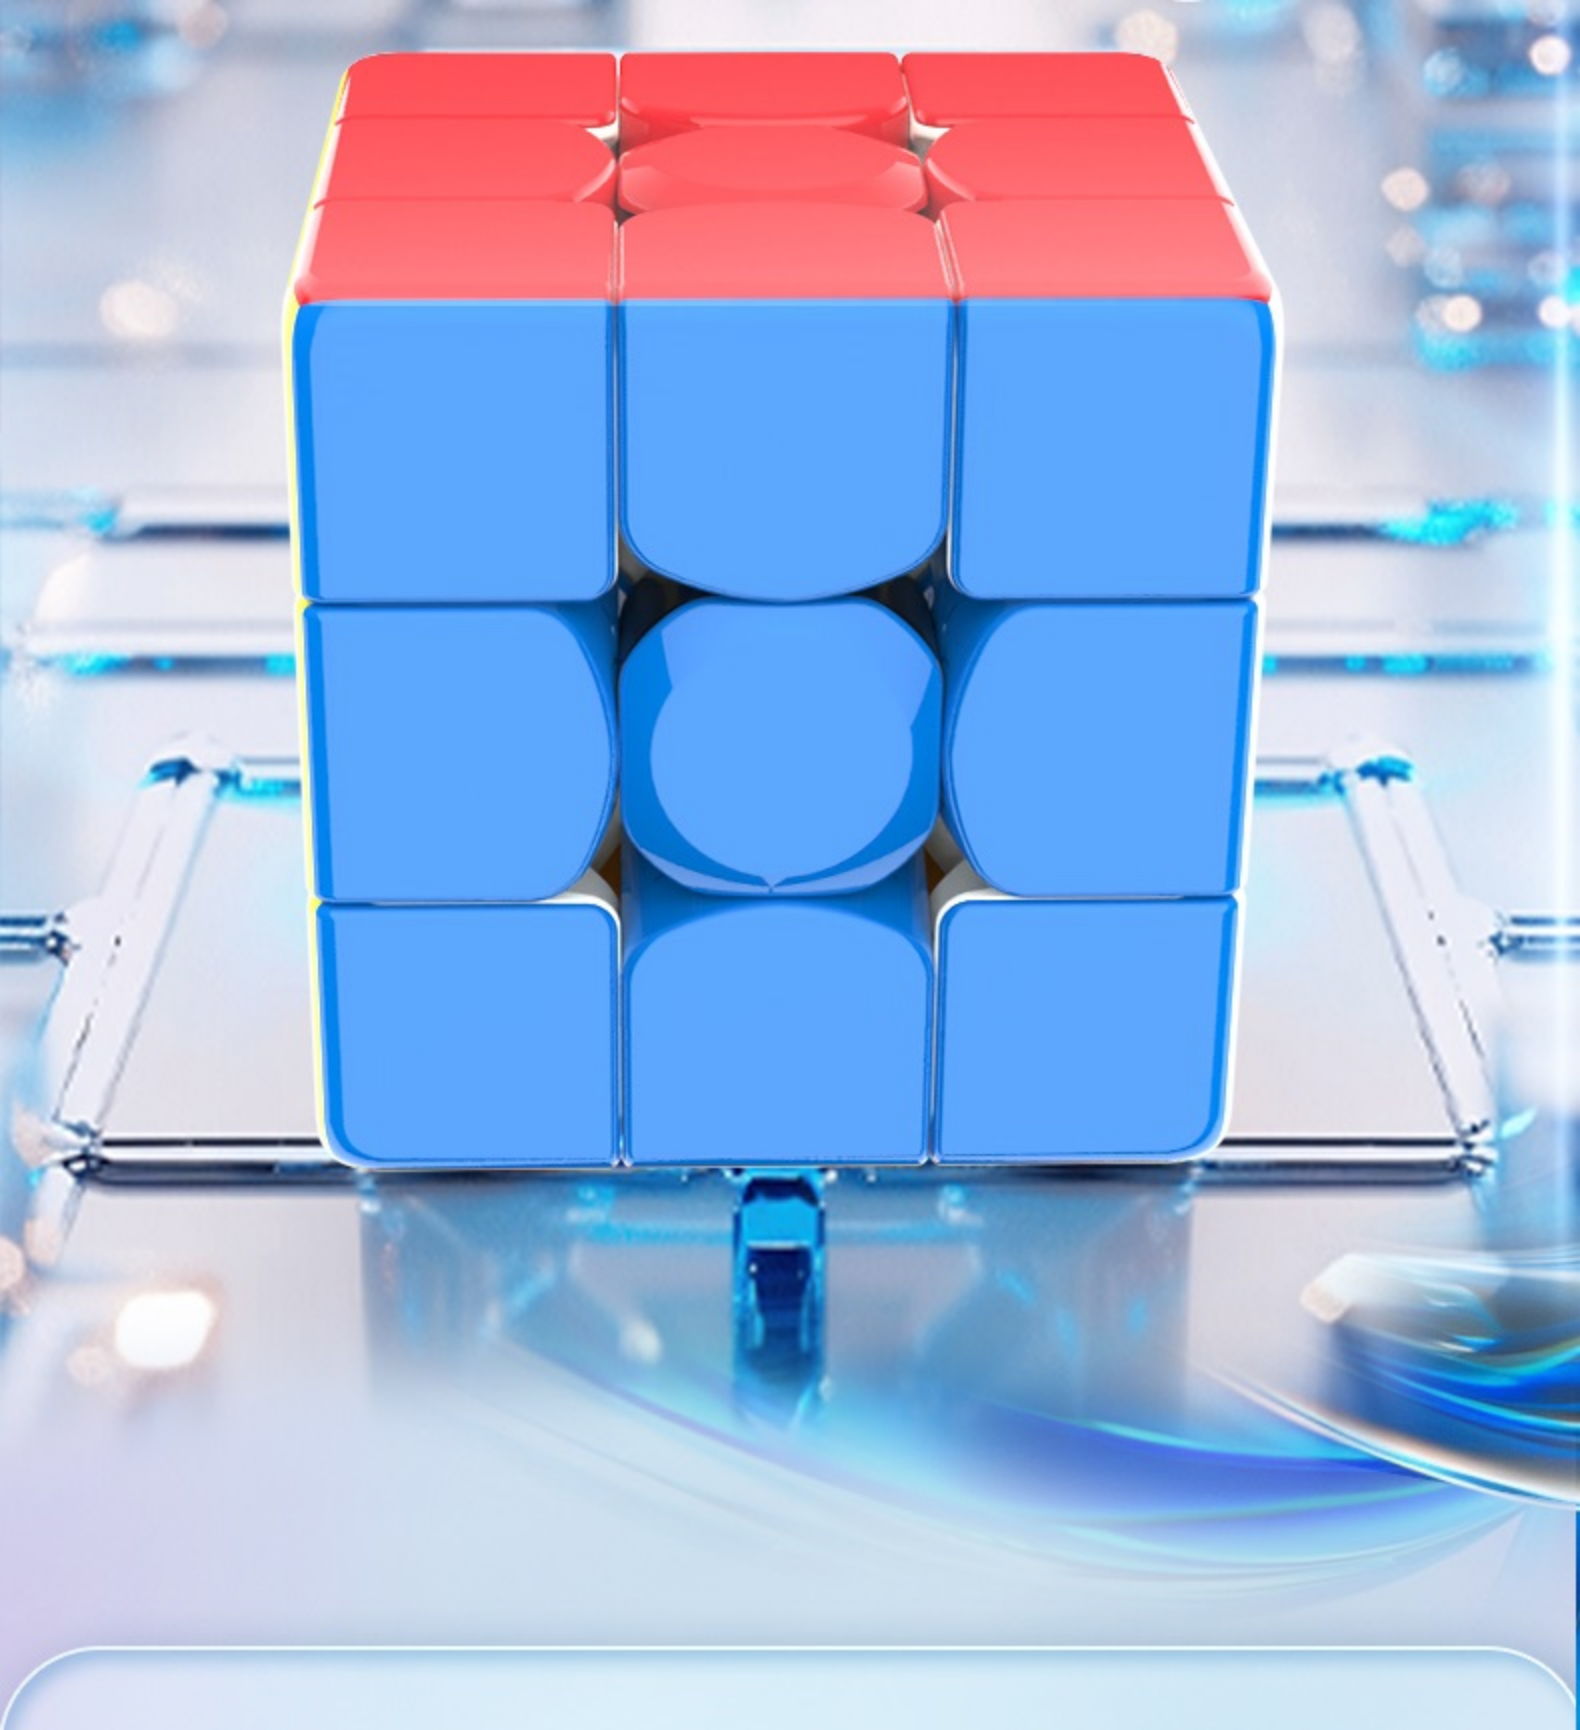

What we are pursuing is to let everyone's racing talent be fully unleashed. In fact, sometimes what we think is the ‘ideal’ feel may be one level short of the ideal:As long as we give it a slight change, we can get a record-breaking outburst, and every additional choice of feel may realise the preference of a group of enthusiasts.Yuxin-Little Magic, presenting the new magnetic levitation third stage, letting the magnetic energy be fully released and the magic evolve again, renewing the glory belonging to our ‘Zhisheng - Racing Home’ !

WHAT KIND OF PERFORMANCE CAN BURST SPEED ENERGY

UNLEASH ONLY A LITTLE MAGIC WITH THE SPEED TWIST!

The triangular foot design hidden inside the cube and the plain right-angle foot design outside maintains the stable rotation of the cube and restrains the possible out-of-control burst of energy, allowing you to burst the speed of nothing to worry about!Inside and outside the anti-fLying foot, anti-disintegration, anti-cornering, anti-dislodgement; nothing to worry about - only a little magic!

6-speed digital wheelbase adjustment

6-speed precision control spring axle adjustment

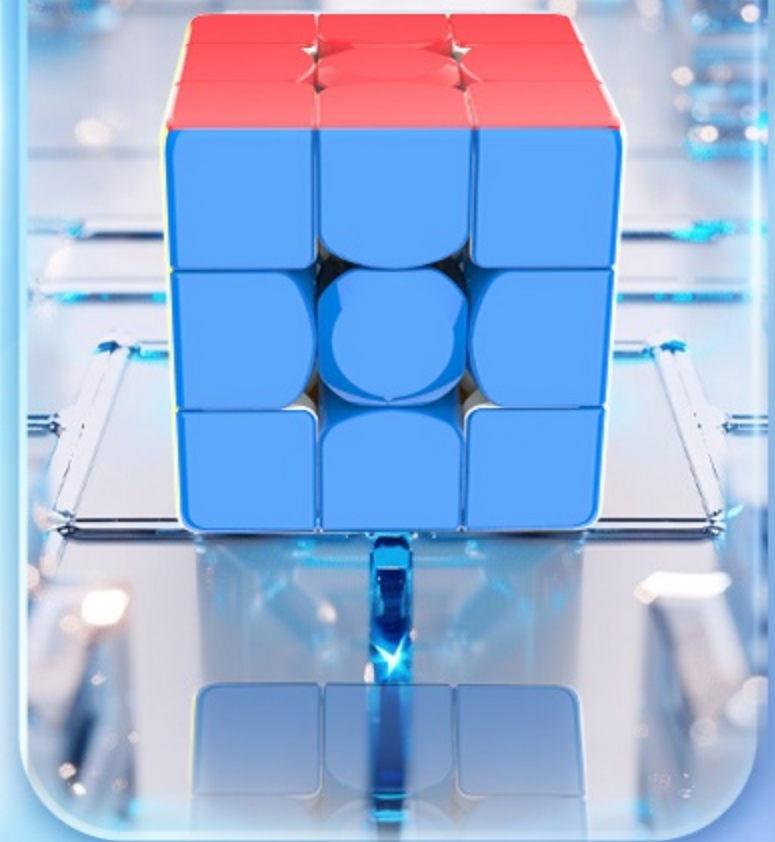

Bi-directional magnetic ring

MAGNETIC ENERGY PLAY FUN / COHERENT PULL FULL / SPIRITUAL CONNECTION

68G

INSIDE AND OUTSIDE ANTI-FLYING FEET

30°MAGNETIC RETURN

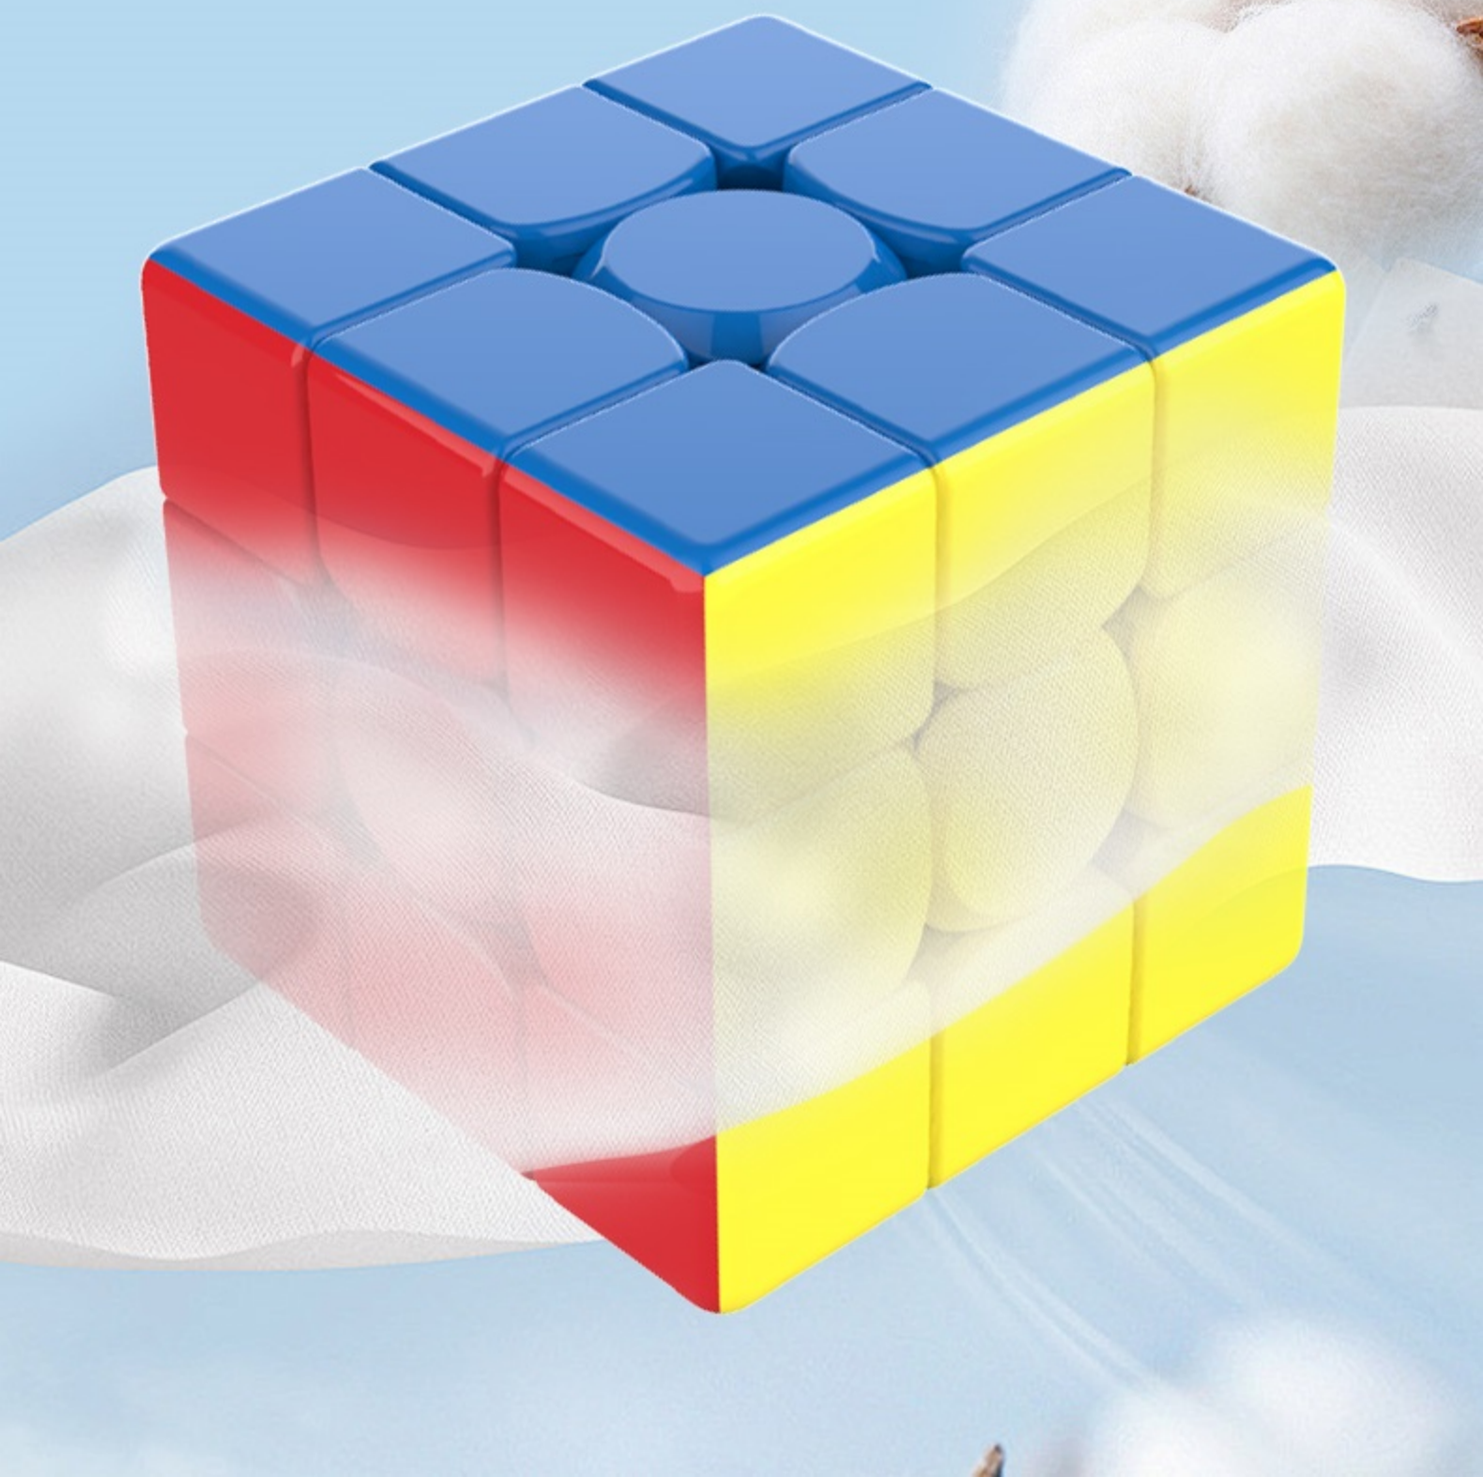

WIDE ANGLE

90°HIGH
TOLERANCE

VELVET TOUCH/THOUSANDS OF SENSES/SPIRITUAL CONNECTION

Little magic magnetic levitation three steps, in the surface coating.The surface coating is covered with an innovative material that is as light and thin as suede fabric.

ITERATIVE INNOVATION OF EXTRAORDINARY MASTERPIECES

Yuxin's 26 years of excellence have led us to move forward. After all, we innovation as innovation every time, and every innovation creates extraordinary masterpieces.

1722 LITTLE MAGIC 3X3 V3 (MAGLEV)

NUMBER OF COMPONENTS: 8 corner blocks, 12 prongs, 6middle blocks
WEIGHT: 68.2G
NUMBER OF MAGNETS: 48 positioning magnets + 12 magnetic levitation magnets
OIL TANK: dragon scale 3.0
GEAR ADJUSTMENT: 6 gears
SHAFT TYPE: One-piece lightweight cross shaft
RIBBING: No
EDGE ROUNDING: Yes
SURFACE TEXTURE: [Velvet/VT][diamond/UV]
TOLERANCE: 45° positive tolerance, 35° negative tolerance;
MAGNETIC LEVITATION DESIGN: Yes
CARD ANGLE: anti-fLying card angle 2.0 corner block anti-rotation angle
